VOL. 54—NO. 176 JACKSONVILLE, ILLINOIS, WEDNESDAY MORNING, JULY 21, 1920 TEN PAGES—THREE CENTS

U.S. LABOR BOARD GRANTS VAST WAGE INCREASES TO RAILROAD WORKERS

TOTAL SUM $600,000,000, UNIONS WILL VOTE ON ACCEPTANCE

CHICAGO, July 20.—(By The Associated Press.)—Whether a nationwide railway strike has been averted by the $600,000,000 wage increase granted today to more than 1,800,000 railroad employes remained undecided tonight.

Brotherhood officials after all day conferences made no attempt to conceal their disappointment that they did not get all of the billion dollar increase asked. The belief grew, however, that the union officials would submit the award probably without recognition to a referendum of the men. A decision was promised tomorrow by W. G. Lee, of Cleveland, grand president of the Brotherhood of Railway Trainmen. Railroad representatives accepted the award philosophically and immediately began planning to pass the $600,000,000 addition to their wage budget to the consumer—the man who pays the freight.

Roads Are Ready to Pay.

Armed with reliable advance knowledge as to what the award would provide the railroads had their figures ready. Judge R. M. Barton, chairman of the United States railroad labor board had hardly handed down his decicion when E. T. Whiter, presenting the more than 400 railroads involved announced the roads would now need a freight rate increase of 18 per cent.

The interstate commerce commission will be asked to spread the increase over freight and passenger rates. The $600,000,000 award represents a 21 per cent wage increase. For the first time the road's payroll this year will pass the three billion dollar mark. Mr. Whiter estimated the 1920 payrolls at $3,344,000,000 more than double the $1,468,576,394 paid in 1916.

The board's award was made retroactive to May 1, with provision that back pay for th ree months fall due August 1, when $150,000,000 is to be distributed in addition to the regular pay. Yard service engineers, firemen and helpers who received an hourly increase of 18 cents will get the biggest back pay checks, their three months award totalling $110.16.

The board followed the general policy laid down by the Lane commssion appointed in 1918, that the man who received the least should get the most. On a percentage basis the biggest increases went to the unskilled and semi-skilled labor, while conductors, engineers and shop crafts received smaller perecentages. The one notable exception was the yard service men whose 18 cents an increase topped all. Here the board explained the deciding factors were the hazard to life and limb and the skill required.

The award if accepted by the men, will close, at least for the present the board believes the seemingly endless cycle of wage demands from railway workers.

A Review of Demands.

Starting with the demands of 1916, which were met for a time by passage of the Adamson law there has been an almost continuous procession of rail unions before government boards and commissions, all demanding changes in pay. When the government took control of the roads in December 1917 it found pending requests from many unions for more money. The Lane commission responded with a graduated scale ranging from a 43 per cent increase for the poorest paid men to nothing for those getting above $249 a month.

In January, 1919, Director General McAdoo received a request from the shop crafts asking that he add another $800,000,000 to the wage budget. The request hung fire many months. In August last year President Wilson appealed to the men to give the goverenmnt a chanc to reduce the cost of living. They waited unil this year, then pressed their requests again.

Again the matter was deferred as federal control of the roads was about to end. In February congress passed the transportation bill providing for the labor board to deal with the case, but it was not until the board was appointed on April 15th that work was begun.

Analysis of the decision shows that the $600,000,000 increase will go to the larger classes of employes in substantially the following basis:

Railway clerks and freight handlers, $123,000,000.

Maintenance of Way employes, $160,098,000.

Engine and trainmen, $157,000,000.

Shopmen, $139,237,000.

The remainder will be divided among station employes, wardmen and dispatchers and marine employes on tugs, ferries and otehr railroad owned harbor boats.

Express Employes Not Included

Nearly 75,000 employes of the American Railway Express company are not included. The board will open a hearing Thursday to pass on their demands. Only 2,500 blacksmiths, electricians and other shop employes of the express company are affected by today's decision. The problem of the railroad men who joined new unions last April and struck for immed.te increases remains unsolved. The board maintained its stand that the strikers violated the transportation act by walking out without first submitting their grievances and that therefore the case was not before the board. John Granau, president of the Chicago Yardmen's Association, in a statement branded the board's award inconsistent and unsatisfactory and announced that it had been rejected by delegates representing the union. The principal demands of the unrecognized unions was for restoration to the the positions they left with full seniority rights and $1 an hour pay.

The award does not fgo into the disposition of the many working conditions which the brotherhods interwove with their requests for increased pay. Such subejcts as the payment of overtime for Sunday and holiday work, continuation or elimination of the national agreement application or the award to the new rail organizations were not included and these questions will have to be determined later. The seperation of these two phases was done on the assumption that adequate investigation of these questions would demand time.

CHICAGO ON RED WARRANT BASIS

CHICAGO, uly 20.—The City of Chicago today began issuance of certificates of indebtedness in lieu of immediate cash payments because of the insistent demands of the municipality's creditors coupled with a shortage of funds. This is the first time since 1912, the city has been forced to this recourse. The certificates will not be given in payment of salaries, it was announced, but chiefly to creditors holding claims for materials and supplies and to experts employed in traction and other litigation.

HARD TO GET BOX SEATS AT OLYMPIC GAMES

Antwerp, July 20.—Chances of foreigners for securing boxes to witness the Olympic games appear to be extremely slight as announcement is made that preferance will be given to those who subscribed to the million franc Belgian Olympiad fund and to those who have promised to surrender rooms in Antwerp to accommodate the visiting athletes. Americans desiring boxes or season tickets therefore are urged to act quickly as all demands must reach Antwerp August 5.

PREDICT CLOTHING PRICES WILL COME DOWN

Chicago, July 20. — Clothing prices are coming down shortly, according to A. G. Blackmore, of the business extension department of the Retailers' Commercial Union who today commented on the fact that 800 buyers from small towns in twenty-two states here were not closing many orders. 'Buyers will order a few things now and duplicate in two or three weeks, when they can get a reduction," he said.

ONE BODY RECOVERED BY MINE'S RESCUE TRAIN

Pittsburgh Pa., July 20.—The body of one of the nine men who were entomed yesterday by an explosion in a mine at Benton, 18 miles from here, was recovered by the bureau of mines rescue team early today. Hope for the rescue of the other eight was practically abandoned when the rescuers said the force of the explosion was general.

Lee Gives Out First Statement

"There will be no illegal, outlaw, rebel, sporadic or immediate strike," Mr. Lee said tonight. "Whether the railroad wage award is accepted or rejected, the union action will be concerted and deliberate."

The brotherhood groups conferred far into the night on the wage awards but no announcement was made as to the action. Each group will report at a general meeting tomorrow. It was reported that four coursse were under consideration. These were acceptance under protest; acceptance with a provision that new wage requests would be formulated later; submission of the awards to a referenndum of members and a flat rejection with plenary pow? ers invested in the leaders to call a strike.

WAGE INCREASE WILL CAUSE JUMP IN FREIGHT RATES

Executives Estimate Fifty Per Cent Increase as Result of Wage Award

AMERICAN RAILWAY ASSOCIATION ACTS

WASHINGTON, July 20.—Freight rates railroad executives estimate would have to be increased nearly fifty per cent to absorb the $600,000,000 wage increase announced today by the railway labor board and the $1,017,000,000 of increases in the revenues asked by the carriers.

The executive tentatively estimated that the wage award would add 18 per cent to freight rates while the estimate of increase to advance the road's income to the six per cent allowed under the transportation act is slightly in excess of thirty per cent far all the majority of the roads.

Members of the executive committee of the American Railway association met today to formulate a request that the interestate commerce commission incorporae the wage award in any freight advances granted.

TELEPHONE RATES TO BE INCREASED AUG. 1

LaSalle, Peru, Chillicothe and Mt. Vernon Affected by the New Schedule Announced Yesterday.

Springfield, Ill., July 30—Telephone rates in LaSalle, Peru, Mt. Vernon and Chillicothe will be increased August 1st, according to a new schedule of rates approved today by the state public utilities commission. Business telephones at LaSalle and Peru will be raised from $48 to $63 a year, residence phones from $27 to $33, and rural phones from $30 to $36.

At Oglesby, near LaSalle, business phones will be advanced from $36 to $39; rural phones from $18 to $27 and at Seneca, business phones will cost $39 a year instead of $30 and rural phones $21 instead of $18.

Residence phones will remain the same in these places.

At Chillicothe in Peoria county business telephones will be raised from $30 to $39; residence phones, $21 to $30 and rural phones from $18 to $21.

In Mt. Vernon business rates will be raised from $42 to $54 a year, and residence rates will be raised from $27 to $30.

HELD TO GRAND JURY ON CHARGE OF BIGAMY

Waukegan, Ill., July 20. — Henry R. McLain, wealthy excelsior Springs, Mo., real estate operator, was held to the grand jury under $2,500 bond today on a charge of bigamy, preferred by his first wife, who claims he married Shirley M. Blee, of Kansas City less than a year after the first Mrs. McLain had obtained a divorce before the decree became final.

RESIGNS POST AT UNIVERSITY OF ILLINOIS

Urbana Ill., July 20.—Dr. Herbert L. Creek, instructor in English, and adviser to foreign students at the University of Illinois has resigned to accept the position of head of the department of English at Purdue University.

INCREASE IN FLIGHTS BETWEEN PARIS AND LONDON

Paris, July 20.—The Matin calls attention to the recent increase in aerial navigation, saying that there were 372 flights between Paris and London during June.

BRYAN DOES NOT FAVOR DRY PARTY MOVEMENT NOW

Nebraskan Thinks It Inadvisable to Name Prohibition Ticket

NOMINATION HIS IF HE IS WILLING

LINCOLN, Neb., July 20. — Leaders in delegations to the prohibition national convention tonight declared they will go into their first session tomorrow determined to name William J. Bryan, presidential nominee altho they have received word indirectly from Mr. Bryan he does not want the nomination and does not consider it advisable to place a ticket in the field.

The only thing that can avert an attempt to stampede the convention for Bryan is for him to send word that the will not accept, according to many state leaders. A telegram was sent Mr. Bryan today informing him that unless such statement is forthcoming his supporters will attempt to carry out their plans.

The decision to attempt to force the nomination on Mr. Bryan was made late today after several secret conferences.

Poling a Possibility

During a temporary lapse in the Bryan boom today it was revealed that D. A. Poling of New York, acting international president of the Christian Endeavor, will have considerable strength.

Besides the usual dry planks the platform committee will have before it proposed planks advocating public ownership of railroads and public utilities, a world tribunal to settle international disputes, "friendly cooperation" with Mexico, federal anti-lynching law and one dealing with labor problems.

W. G. Stone, grand chief of the Order of Railway Engineers has prepared a labor plank.

New Committee Plans

The national committee today voted to recommend to their convention that hereafter each state name one man and one woman as members of the party's national committee. A score of delegates spoke on the question.

The proposal introduced by Robert Patton Illinois state chairman, was attacked by W. G Dean of Wisconsin. He asserted that the party had no women members in Wisconsin suitable for membership.

Ida B. Wise-Smith of Cedar Rapids, Iowa, president of the Iowa W. C. T. U. then appealed to the committee not to deny equal rights to women and after her talk the committee voted unanimously for Patton's motion.

Hood River, Ore., July 20. — William A. "Billy" Sunday, evangelist, mentioned as a possible nominee for vice president by the Prohibition party said today he deemed it hardly necessary for the prohibitionists to confer with him since he was satisfied with the Republican party's attitude on liquor.

MINERS AND OPERATORS HOLD CONFERENCE

CHICAGO, July 20.—Members of the Illinois Coal Operators' association and officers of the United Mine Workers of Illinois conferred today on wage questions.

After the meeting, E. C. Searls, president of the Operators' association said the wage proposals had been discussed but that no definite action was taken. No negotiations were gone into, he said.

"All Illinois miners are working under contract and we do not feel called upon to change the terms of that contract. The situation is delicate and labor trouble among the miners would not be at all unexpected."

Among the miners at the conference were Frank Farrington, president of the Illinois Union; Harry Fishwick, vice president, and Walter Nesbitt, secretary and treasurer. Seventy-five members of the Operators' association attended.

WILL HAVE COMMERCIAL AVIATION SCHOOL

Lima, Peru, July 19.—The first commercial aviation school is soon to be established in Lima with an American and Peruvian capital of $50,000, it was announced today. Three American pilots and eight planes are already here and work is underway on an airdome.

SERGEANT DEAD AS RESULT OF DUEL

Battle Creek, Mich., July 20.—Sergeant Otto F. Pugh of Rockford, Ill., is dead as a result of a revolver duel Thursday with Private Joseph Doyer, when one mistook the other for an escaping prisoner. Doyer will recover.

Pugh will be buried at New Castle, Ind., his parential home.

FRANCE'S HARVEST WILL BE GOOD

Paris, July 20.—France's harvest will be so good as to warrant improvement in the quality of bread, says the Matin. But, the newspaper adds, the harvesting will be hampered by the lack of the workers.

FINDLAY ELKS MADE VISIT TO SENATOR HARDING

Delegation Unannounced but Received a Cordial Welcome

BEGINS FRONT PORCH CAMPAIGN JULY 31

MARION, O., July 20.—A delegation of nearly 100 Elks from Findlay, Ohio, appeared unannounced on Senator Harding's lawn today and with the help of the nominee and a band staged a curtain raiser to the front porch campaign. The senator's role consisted of handshaking and a short talk in which he paid tribute to the war work of the fraternity on reply to the request that he go to Findlay for a homecoming of the Elks, of which he is a member early in August the Senator said he would at least "drop in and sav 'Howdy' " is possible.

Politics was not touched in the talk nor did the candidate make any further public statement today in his league of nations fight. His friends are counting on his speech of acceptance Thursday to develop the next step of his campaign. Most of the day the senator worked on accumulated correspondence but he heard reports of political candidates in the east and west.

Findlayites by their unannounced visit stole from the people of Mansfield, Ohio, the distinction of being the first group of political pilgrims to be received by the senator. A Mansfield delegation is to come July 31 and their visit is the first on the official program of the front porch campaign. Harding headquarters was informed today that about two thousand would come from Mansfield and that they would arrive by airplane, motor and rail.

GOLF TOURNAMENT OPENS AT GALESBURG

Unusual Interest Centered Around the Match Between Percival and Stillwell, Who Were Paired to Start in the Qualifying Rounds.

Galesburg, Ill., July 20—Under ideal weather conditions more than one hundred golfers of the Central Illinois Association of Country clubs started at 8 o'clock this morning in the qualifying qualifying rounds for the championship at the annual tournament of the organization now in full swing at the Soangetaha club of this city.

Preliminary matches in the tennis championship race were well under way late this afternoon.

Frank Percival of Champaign, the present champion; Newcomb Stillwell, of Quincy; "Chick" Weems, of Quincy; Ed Williams of Quincy, and "Chuck' Roydston of Galesburg, were generally conceded to be the principal contenders for the golf championship.

Unusual interest centered around the match between Percival and Stillwell, who were paired to start in the qualifying rounds this morning, for Stillwell made a 35 for the course in practice yesterday.

At a meeting of team captains yesterday, it was voted to extend an invitation to John Simpson and Howard Walton, former champions to take part in the meet now in progress at the local club. Last night in the course of the annual business session of the association, a new constitution was adopted and officers were elected.

GRAND JURY BLAMES MACHINE GUNNERS

Graham, N. C., Juy 20.—A coroner's jury returned a verdict today that without provocation machine gunners guarding the county jail here fired on citizens Monday night, killing one man and wounding two. The jury declared unfounded, charges of the militiamen that a mob attempted to storm the jail to gain possession of three negroes held in connection with an attack on a white woman. A dozen citizens testified that no attempt was made to reach the prisoners.

MOVING PICTURE WORKERS IN NEW YORK STRIKE

New York July 20.—More than two thousand moving picture workers in New York and vicinity went on strike today tieing up or crippling a score or more film plants. The reason given for the walkout is failure of the National Association of the motion picture industry to meet demands for increases in wages, shorter hours and recognition of the union.

AERIAL MAIL LINE BETWEEN CHICAG-ST LOUIS

St. Louis, Mo., July 20.—Airplanes will be available late this week for the inauguration of the aerial mail line between Chicago and St. Louis, C. F. Eggs, superintendent of the western division of the United States aerial mail service announced today. The first of six planes assigned to the service arrived today.

CUBS SIGN PITCHERS.

Chicago, July 20.—Two pitchers were signed today by the Chicago Nationals. They are Joe Jaeger, an overseas veteran who has been playing with the Fort Sheridan team and Percy Jones of of Eastland Club of the West Texas League.

COX MAKES CHARGE G.O.P. IS RAISING GREAT AMOUNTS

Tells National Committee Opponents' Cash is a Menace

OHIO MAN CHOSEN TO DIRECT CAMPAIGN

COLUMBUS, Ohio, July 20.—Charges that the Republicans were raising a campaign 'sufficient to shock the sensibilities" were made tonight by Governor Cox in an address to the Democratic national committee which perfected organization for the campaign.

Democrats, he declared, will insist on continuance of the senatorial investigation of campaign collections and expenditures and also will make frequent and detailed accountings of their finances. The Democratic platform he declared is a promissory note, which will be paid in full. He predicted victory in November.

After a conference between Governor Cox, Franklin D. Roosevelt and Mr. White it was announced that the tentative dates for the notification of the candidates were:

Notification Dates.

Governor Cox Saturday, August 7, at Trails End, Dayton, and Mr. Roosevelt, Monday, August 9, at Hyde Park, New York.

Governor Cox's address together with brief supporting remarks by Franklin D. Roosevelt, his running mate, followed election of George H. White, former congressman of Marietta, Ohio, chairman of the Democratic national committee and manager of the party campaign. He succeeded Homer S. Cummings, who has served etghteen months.

In his statements regarding Republican campaign funds and his pledge of Democratic conduct, Governor Cox said:

"We purpose to deal with eminent good faith with the electorate with reference to platform pledges. We mean to let every man and woman understand where every dollar comes from and for what purpose it is spent. We do not want publication of expenditures after election. We want voters to be fully advised as to every circumstances of the collection and expenditure of funds in order that they may understand that when democracy continues its duty, it assumes it without any obligation except the conscience God gave us. Let us make up a budget that will carry the fullest details, render an accounting weekly or monthly.

Committee to Continue.

"And more than that: We shall insist on the senatorial committee investigating campaign funds continuing in session untilthe ballots have been closed in November.

"You all know that a campaign fund sufficient to stagger the sensibilities of the nation is now being formed. If they believe that is proper Godspeed them on their enterprise. It will be one of our chief assets."

Governor Cox asked national committee members to take assurances to all local organization leaders and also the men in the front trench that the platform of the Democratic party is a promissory note.

FIRE DESTROYS STATE EVIDENCE

EAST ST. LOUIS, Ill., July 20. —Approximately 500 gallons of whiskey, six stills and much mash seized in a raid last Friday and held as evidence in the jail at Benld, Ill., were destroyed when the structure was destroyed by fire of undetermined origin last night, according to a report received late today by M. T. Kiggins prohibition enforcement officer. Whiskey stills and mash were awaiting shipment to Springfield where fourteen men and one woman arrested in the raid were taken to await trial.

FIVE MEN ROB BANK OF $20,000 IN CASH

Minnewauken, N. D., July 20. —Five men early today held up and robbed the bank at Oberton, N. D., near here and escaped with $20,000 in cash and liberty bonds.

The vault and safe of the bank were wrecked. It was said the robbers were heading east in a large automobile. All wires into the town were cut preventing a report of the robbery to outside points until noon.

BUT NEW YORK BUYS IT

Albany, N. Y., July 20.—Purchase by the state of two and one quarter grams of radium, the largest transaction of its kind made and the first purchase of radium by any state for social utility was announced today. The acquisition was made possible thru appropriation of $225,000 by the legislature. The eradium will be used for research work in behalf of the state institute for malignant disease.

INCREASE PRICE OF KENTUCKY OIL

Pittsburgh, Pa., July 20.—The principal oil purchasing agencies here today announced an increase of 25 cents a barrel in Ragland crude oil, bringing the price to $2.35. The oil comes from the Kentucky fields.

PRIORITY GIVEN TO SHIPMENT OF COAL TO NORTHWEST

Operators Will be Required to Fill Northwest Orders First

ORDER BECOMES EFFECTIVE JULY 26

WASHINGTON, July 20.—New emergency orders were issued today by the interestate commerce commission giving priority in the movement of the winter stock of soft coal to the northwest.

More than a score of railways serving mines in western Pennsylvania, Ohio, West Virginia, Kentucky and Tennessee were directed "not only to give preference in the movement of coal for the territory at the head of the great lakes, but also to give preference in car supply.

Coal operators will be required to fulfill the wants of the northwest before filling orders for other sections.

The commission's order which becomes effective July 26, is expected also to avert a threatened coal shortage in Central Canada. No date is fixed for the expiration of the orders, which may stand unchanged until the close of navigation on the great lakes about November 1. The northwest comprising upper Michigan, Wisconsin, North and South Dakota and Montana is estimated by coal men to be about 23,000,000 tons short and to move this quantity would require the daily dumping of more than 4,000 cars at Lake Erie ports.

The new orders do not set aside previous ones, but merely supplement them.

FOOD PRICES SHOW A STEADY INCREASE

Springfield Shows the Greatest Increase in the Past Year of 29 Per Cent and Charleston, S. C., the Lowest.

Washington, July 20. — Retail food prices continue to show a steady increase, according to a survey of the food budget of the average family for June, made public today by the bureau of statistics of the department of labor. An advance of two per cent was noted on June 15, over prices of May 15, or an increase of nine per cent since January 1.

The greatest increase in the past year of 29 per cent was shown in Springfield, Illinois, and the lowest, 8 per cent, in Charleston, S. C.

Prices increased in 39 cities under observation and decreased in 12. Increases observed were four per cent in Springfield, Ill.; three per cent in Chicago and St. Louis.

A decrease of five per cent was noted in Houston, Texas. Only two cities of the 39, Jacksonville and Los Angeles, showed less than 100 per cent since 1913. Detroit topped the list with an increase of 139 per cent.

JOHNSON HAD $450 AND PAIR OF DICE

LOS ANGELES, Calif., July 20. —Jack Johnson, former heavy weight champion pugilist who crossed from Lower California today, was brought to the county jail here tonight from San Diego. He probably will leave in the custody of federal officers tomorrow for Chicago to begin serving sentence for violation of the white slave act, federal officials said.

Johnson was not handcuffed at any time, Sheriff J. C. Cline said. Fear that he would be handcuffed had deterred Johnson from surrendering for several days, the sheriff added.

Search of Johnson revealed $450 and a pair of dice, officials said.

OLE HANSEN TELLS OF SEATTE STRIKE

CHICAGO, uly 20.—A story of the Seattle general strike of 1919, was told today by Ole Hensen, former mayor at the trial of William Bross Lloyd and nienteen other alleged radicals charged with conspiracy to overthrow the government. A committee of strikers called on him the day after the strike was called, he tesified.

FEED INMATES ON NINE CENTS A MEAL

Elgin, Ill., July 20.—Less than nine cents a meal is all it cost to feed 2,110 inmates and 283 employes of the Elgin state hospital last year. The annual report of Chief Clerk R. D. Marsh, completed today shows that the average cost of food per person was but 26 cents a day.

This figure includes products raised on the hospital farm as well as food purchased outside and includes the feeding of both patients and attendants.

AN ILLINOIS MAN SENT TO ATHENS

Washington, July 20—Changes in the consular corps announced today by the state department, assign W. Stanley Hollis of Massachusetts now at London as consul general at Lisbon, succeeding William L. Lowrie of Illinois who is transferred to Athens.

QUARREL OVER $1 LED TO KILLING

Springfield, Mo., July 20.—A quarrel over $1 debt led to the killing of Ernest White, 29 years old at Hollister, Mo., yesterday by Jack Mead, 30 years old.

LIPTON HAS CHANCE TO ACHIEVE LIFE'S GREAT AMBITION

Shamrock Won in Second Race With Defender

ONE MORE VICTORY MEANS THE CUP

SANDY HOOK, July 20.—Sir Thomas Lipton tonight was nearer achieving the confessed ambition of his life—lifting the America's cup. Today his Irish sweetheart, Shamrock IV, ran up a tally of two races to none against the American defender, Resolute, winning in a neck to neck contest by two minutes and twenty six seconds, corrected time, and needing but one more victory to bear the bottomless pewter mug back to England.

There were cheers on Sir Thomas' steam yacht, Victoria, when Shamrock swept first across the line, but there was a hush when her crew worked feverishly to free a jib top sail that fouled within the first few seconds of the contest.

Resolute Took Lead

This fouling permitted Resolute to take the lead. For part of the first leg, the American sloop kept to the fore but when she hit a soft spot the Irish craft slipped again into first place, edging along until she was half a mile ahead. To the surprise of yachting experts a little staysail rigged on the challenger served her better than Resolute's big ballooner.

Spectator craft grouped at the first turn greeted Shamrock with tooting whistles as she rounded 600 yards in the lead. Away on the second leg they sped with the challenger catching every catspaw and Resolute rolling on the doldrums. Captain W. P. Burton, who it was reported might be removed from command of Shamrock because of his showing in other races was evidently making every effort to stage a comeback.

Resolute made a brave showing at the beginning of the third leg and picking up at the turn fought her way home under guidance of Captain Charles Francis Adams, II, disputing every second. But it was no use and by the time Shamrock had crossed the line it was certain she had won. The regatta committee at noon hesitated fifteen minutes and then decided that the westerly breeze would hold and hoisted signals for a reach southsoutheast a beat about west and another each northeast by north.

Dull Fight for Position

The fight for position was rather dull as Skipper Adams made no effort to gain the lead and allowed the Shamrock to cross as she pleased 38 seconds ahead which extended Resolute's time with her time allowance at the finish to 7 minutes, 39 seconds. The first fifteen minutes were featured by bungling sail on the Shamrock. The balloon jib refused to break out and finally when yanked it fouled. Then a spinnaker was found to set poorly. Two or three other head sails were set and taken in. During these experiments Resolute walked into the lead. Finally Burton settled down on a No. 1 jib top sail and a little trisail set on a stay from the end of the bow to 10 feet below the cross trees.

There was a big space between the two sails and as the Resolute was streaking it along under ballooner only the defender was more than half a mile ahead. Then the wind became fickle.. Shamrock, which had worked out to windward found the edge of the breeze just as Resolute did when she gained such a lead Saturday.

A Burst of Speed

Nursing the draft of air, Burton ran by the Resolute so fast it looked as if the defender had dropped anchor. In fifteen minutes the challenger was half a mile ahead. This practically settled the race. Resolute could not find the breeze and altho Captain Adams handled her wonderfully, the drafts of air shunned her. Shamrock turned the first mark three minutes and a half in the lead and at once picked up a nice breeze. Half way on the leg Shamrock at one time had a lead of four miles and a half.

Shamrock won by nine minutes, twenty seven seconds, elapsed time, or two minutes twenty six seconds corrected time.

NO EXPLANATION MADE

Constantinople, July 19.—No explanation has yet been made by the Greeks as to their reason for firing recently on a French airplane on its way from Constantinople to Bucharest.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: generally fair Wednesday and Thursday; not much change in temperature.

Temperatures

The current, maximum and minimum temperatures as recorded Tuesday were:

Jacksonville, Ill.	76	82	56
Boston	76	82	66
Buffalo	68	70	56
New York	76	82	66

The Pullman Car Co. is asking the government for the payment of $24,000,000 for the rental of cars during the war period and for the depreciation of property. If this neat little sum is paid the company will not have such urgent need for the funds recently provided thru the approval of increased rates.

There is a shortage in Illinois this year of about 1500 high school teachers. This means that some schools will operate with diminished faculties and in some instance schools will not be able to operate at all. With such a demand there is nothing surprising about the fact that teachers take a much more independent attitude in their relations with boards of education.

The Jacksonville committee which did such excellent work in choosing a name for Lake Mauvaisterre might submit the imposing list which was at its disposal to the people of Decatur. A lake in connection with the water project there will cover 3500 acres of land and already names are being suggested, altho the construction work will be in progress a year or two.

President Wilson has let it be known that he reduced the sentence of "Umbrella Mike" Boyle of Chicago several months ago on recommendation of Attorney General Palmer. Boyle gave evidence of his gratitude by causing the walkout which recently tied up the Chicago street car service. Thus far Mr. Palmer hasn't taken the public into his confidence as to the reason for his recommendation of clemency after Boyle had been convicted in a federal court.

THE NEED OF FAITH

We need a broader, firmer, deeper faith in the people—a faith that men desire to do right, that the commonwealth is founded upon righteousness which will endure, a reconstructed faith that the final approval of the people is given, not to demagogues slavishly pandering to their selfishness, merchandising with the clamor of the hour, but to statesmen, ministering to their welfare, representing their deep, silent, abiding convicitions. — Calvin Coolidge.

When it is remembered that 15,000 tons or more of coal are hauled each year tto Jacksonville State hospital and at least 20,000 tons to the Jacksonville Railway & Light Co., it is easy to understand the interest of hospital and company authorities in a switch proposal. With proper switch connections all of this big tonnage can be delivered over the railway tracks at a very considerable saving. Before the present year is over the city will be operating its new light and pumping station and without coal haulage by teams. If some satisfactory plan can be worked out for the suggested switch it will mean at least 40,000 tons per year less haulage over the streets of Jacksonville and a corresponding saving of street pavements.

ADUSTING STREET RAILWAY AFFAIRS

The American Electric Railway association has compiled statistics showing readjustment in the rate of cash fares to meet the greatly increased cost of giving service on electric lines thruout the country up to uly 1. Fares in 505 cities having a total population of 33,304,831 have been increased, the summarizations show. Prices now being charged and the number of cities making those charges together with population served, follow:

Fare	No. Cities
10-cent cash fare	69
9-cent cash fare	2
8-cent cash fare	30
7-cent, one cent transfer chage	26
6-cent city zone, 6-cent outside zone, 2-cent transfer	10
7-cent cash fare	145
6-cent for 2-zone ride, or less; 3 cents each additional zone	13
Two 6-cent zones	3
6-cent zones, average length 2 miles	1
6-cent cash fare	149
Two 5-cent zones	1
5-cent city zones, 5 cents outside	6
5-cent city zone, 2½ cents outside	2
5-cent city zone, 1 cent additional outside	1
5-cent fare, additional charge for transfers	6
5-cent straight fare, reduced fares eliminated	34

In many cities, the report shows, it has been necessary to adjust fares three and six times in order to keep pace with rising costs of materials and labor.

THE LAW AND A PRESIDENT

The right of a president of a national bank are outlined in a recent West & Co. review of court findings.

The president of a national bank, which was a stockholder in the Federal Reserve Bank for the Twelfth Federal Reserve District, at the urgent request of the governor of the latter bank, attended a conference of representative bankers from each state in the Twelfth district, held at San Francisco, to determine the best ways and means of selling United States certificates of indebtedness, and to discuss the general relations of banks to government war finance. While at the conference he was taken ill and incapacitated from making the return trip to his home in Salt Lake City for several days. In order to recuperate he journeyed to Santa Cruz, where he remained a few days. On his return trip to San Francisco he was compelled to leave the train at an intermediate point, continuing his trip the following morning.

Upon his arrival at the hotel in San Francisco, while arranging to leave for his home, he was served with process in a civil case, and upon advice of counsel remained in San Francisco to arrange for the removal of the cause to the federal court. A motion to quash the service of process was sustained at a hearing before Judge Van Fleet, which is reported in Filer vs. McCormick, 260 Federal Reporter, 309, where it was held that defendant was engaged in a public service, and privileged from service of process in California, not only during the conference, but during the few days he was compelled to remain because of illness.

OLD JACKSONVILLE

THE JOEL CATLINS

By Ensley Moore

(Member Illinois State Historical Society)

The Journal of (Tuesday) Sept. 30, 1879, announced the death of "Mr. Joel Catlin, one of the earliest settlers of Jacksonville, and a man widely known throughout this part of the state, as well as in other localities * * * and last Sabbath, about eleven o'clock, the wheels of life ran down, the heart pendulum stood still, and the man of more than eighty years was at rest."

Birth and Public Life.

Joel Catlin was born in Harwinton, Litchfield county, Connecticut, Feb. 25, 1796. He removed to Augusta, Georgia, in 1818, and was engaged in the jewelry business there for some fourteen years.

In 1831 he came to Illinois and was so pleased with this part of the state that in 1832, he removed to this place and "for three years he was the efficient agent of Illinois College." In 1838 he removed to Hancock county, and, with W. D. Abernathy, laid out the town of Augusta, where he resided until 1849, when he returned to Jacksonville. For twelve years he was the agent of the "Sangamon and Morgan" railroad now the Wabash. For some years afterward he was the agent of the U. S. Express Company here. Latterly he was not engaged in business.

Mr. Catlin united with the church in early life, and was a trustee of the Old First Presbyterian church here, as he had been in Augusta, Ga., and Augusta, Ill. He was also a trustee of Jacksonville Female Academy. Mr. Catlin planted the beautiful elm tree which used to stand in the south side of College avenue, just west of Church street, and it was a great shame that it was cut down. He was an elder in the First Church, probably serving the rest of his life, after ordination in 1851.

He lived for many years, and last in the two-story white, frame house, at the south west corner of Morgan and West streets, where he died.

Marriage and Family.

The married part of his life began when Mr. Catlin was united in wedlock with Miss Calista Hawley, at Northington, Conn., August 30, 1820. They lived together until Mrs. Catlin's death in 1875. Theirs was the first golden wedding celebrated here, it is said.

They were the parents of two daughters and four sons. At the death of their father, only these three sons were left: John H. Catlin, of Augusta, Ill.; William E. Catlin, then of Forrest, Ill., and Capt. C. Augustus Catlin, of Jacksonville. The two captains served in the Union army, James K., in the 2nd. Ill. Cavalry, and C. Augustus in the 101st. Infantry, the Morgan county regiment. Capt. James K., fell gallantly leading a charge. But his people were not able to find out this fact, and of his death then, for many years.

Of the girls, Sarah married Jermiah Pierson, one of the best known early residents of Jacksonville. Mary was graduated from Jacksonville Female Academy, and died, in her young womanhood, soon after.

Of the sons, the Rev. William E. Catlin was one of the best known. He was a member of the well known class of 1845, at Illinois College, and was one of the founders of Sigma Pi Society. He died in Montana, and the local paper at White Sulphur Springs gave the following sketch in 1903:

Death of Rev. W. E. Catlin.

"Rev. William E. Catlin, one of the most highly respected citizens of this community, died at the home of his sons, six miles south of town, on Tuesday, March 10. Mr. Catlin has been failing in health for the past year and although the community had expected to hear that Mr. Catlin had passed away, and Tuesday when the report of his death became known about town there was everywhere manifested a feeling of deep loss. It is hard to realize that a man who has filled so large a place in life during nearly a quarter of a centeury is gone.

Deceased was born in Augusta, Ga., Nov. 27, 1823, and at the age of twelve years he, in company with his parents, moved to Augusta, Ill. After graduation from Illinois College he began his study for the ministry at the Yale Theological Seminary, from which he graduated and accepted his first charge in 1849 at North Stamford, Conn., where he remained one year. On April 8th 1850, he was married to Emma Smith, of New Haven, Conn., and in company with his wife he entered upon home mission work in Illinois and other western states and continued in this work for nearly forty years. He came to Montana and located with his sons on what is known as the IV ranch, in March, 1883. After his arrival here he retired from active work in the ministry and only filled the pulpit at the Presbyterian church during the absence of the resident minister.

He leaves to mourn his loss five sons as follows: George, Jr., and Edward II, of Augusta, Ill., and Charles B., James K., and John S., of this place.

Funeral services were held at the Presbyterian church at two o'clock and were conducted by Rev. Mr. Fray, after which the remains were interred in the South Side cemetery at White Sulphur Springs."

Matrimonial

Green-Tranbarger.

Owen Green and Miss Dorothy U. Tranbarger, both of Frannklin, were united in marriage in the county court house at Carlinville on July 3. The bride is the daughter of Mr. and Mrs. W. H. Tranbarger of Frannklin and the groom is the son of Mrs. Isam Burnett, also of Franklin. The young people expect to make their home in Franklin.

EAGLES OFFICERS WILL TAKE CHARGE TONIGHT

The recently eelcted officers of Jacksonville Aerie No. 509 Fraternal Order of Eagles will be duly installed and take their seats at the regular meeting of the aerie this evening.

The members are planning to give a warm welcome to Robert Clifford, new Worthy President who is just out of the hospital after an illness of nine weeks.

The aerie thru it trustees and oficers is planning or entertainment for the members the coming winter. The club rooms will be placed in shape so that they will be available for use when cool weather comes.

A committe also has been appointed to investigate the proposition of having a series of enentertainments the coming winter. Miss M. M. Beress of the Chicago Lyceum Bureau is in the city and has been in conference with the committee relative to this matter. A report will be made at the meeting this evening.

AN AUTO TRAVELER.

Arthur Lloyd, a veteran traveling salesman for a New York silk house, was in the city yesterday calling on some merchants. The gentleman only makes the larger towns and travels by choice in a Buick car rather than the railroads. He says in the long run he saves money by it and his work is more satisfactory even tho his journey of 6,000 miles will call for $200 worth of new tires. Yesterday evening when seen by a Journal reporter, he had gone from Deatur to Springfield, then to Jacksonville and expected to land at night in Beardstown.

VISITING HERE

Mr. and Mrs. J. A. Armitage of St. Louis are spending a few days in Jacksonville visiting with relatives. Mrs. Armitage was formerly Miss Robinson of Finley street. Mr. Armitage is the first assistant in the largest Kresge store in St. Louis.

Miss Emma Korty was a city shopper from Bluffs yesterday.

William Paul and son of the south part of the county were city arrivals yesterday.

Jos. Shreve and Dennis Schram and families went down to the river yesterday in search of recreation and incidentally some fish.

Rippling Rhymes

By Walt Mason

Politics.

I like to talk of corking books, and motor cars and skillful cooks, and other things of worth; and so I bore the village hicks, for they will talk of politics, and nothing else on earth. Oh, how I long for some sane wight who'll talk with me by day and night of art and dragons' teeth, of Science, and her great advance, and of that pugilist from France who yearns for Dempsey's wreath! But all my longings cut no grass; the people shun me as I pass and sometimes hand me bricks; for I would talk of human things, of cats and cabbages, and Kings, and they'r talk politics. Oh, I would tell how my new boat can get the everlasting goat of any car I know, but none will listen while I prate; men talk of how some candidate will climb a luckless foe. And I would talk of Milton's harp, and of the bones in German carp, and of my spaniel's tricks; but men won't listen worth a cent; they shoo me off—they all are bent on talking politics. And politics, that dreary theme! The failure's hope, the dotard's dream, that bore beyond compare! That makes men say the same old things, and talk forevermore in rings, nor leads them anywhere

FISHING PARTY

A party consisting of Mr. and Mrs. James H. Hall, and son Russell, Mr. and Mrs. Elmer Porten, and Bert Young left Jacksonville early Tuesday morning for Meredosia Bay where they spent the day fishing. They returned late last evening.

Mr. and Mrs. George Morris of ov Prairie were added to the list of city caller syesterday.

Owen Graff and family enjoyed a visit Sunday with Carl Lukeman and family east of the city.

GAS COAL SHORTAGE CAUSE FOR WORRY

Shipments to Railway & Light Company Delayed in Transit—Supt. Gray May Use Oil in Gas Making.

Inability of railroads to handle coal promptly has caused an acute shortage of supply. This is not nearly as noticeable in Jacksonville as in cities where numerous factories are in operation. The Jacksonville Railway & Light Co., is the largest consumer of coal here and while Supt. Gray has had a satisfactory supply of steam coal on hand he is very short of coal for gas making purposes.

The gas coal for the plant here and others owned by the Illinois Traction Co. system is purchased thru the Peoria office. Plenty of coal is in transit but the local supply is so short that Mr. Gray yesterday borrowed from a local firm a car of southern Illinois coal. Most of the gas coal used in the local plant comes from Kentucky or West Virginia, altho when the supply is short from these sources Illinois coal from Williamson or Franklin county gives satisfactory service.

If railroad conditions should should grow worse instead of better and coal shipments move even more slowly, Mr. Gray will if necessary use the plant's oil burners for making gas. He has a considerable supply of oil on hand and enough to last for several weeks.

Supt. Gray has always been very provident in the matter of steam coal supply and has several times in the past months piled up surplus supply when there was no apparent need but later on the difficulty of securing a supply fully justified the trouble and expense which the securing of the storage supply occasioned.

MR. SHARPE FILES PETITION.

The petition of F. L. Sharpe as a candidate for county commissioner on the Republican ticket was filed Tuesday in the office of County G. L. Riggs. Mr. Sharpe's petition sets forth that he is a candidate for the regular nomination to serve if elected for a period of three years. At the coming election a commissioner is also to be chosen to serve for one year to fill out the unexpired term of Capt. J. M. Swales, deceased. It is likely that other petitions will be filed in the course of the next few days.

Arenzville — Illinois

NEIGHBORHOOD WAS AMAZED, SHE SAYS

For First Time in Twenty Two Years She Now Enjoys Good Health—Sleeps Like a Child Now

"For the first time in twenty-two years I know what it means to enjoy good health, and I just can't express how happy I feel over my recovery," was the enthusiastic statement made a few days ago by Mrs. Mildred Collins, of 425 South Chambers street, Galesburg, Illinois.

"Before I began taking Tanlac," she continued, "I had suffered for nearly 25 years and had gotten to where I saw little or no pleasure in life. My stomach had become so badly upset that I had to live on the very softest of diet, such as milk and toast and finally I got so bad off I couldn't even get out of the house. In fact was in bed most of the time. I would get so choked up from the gas on my stomach that I felt like I was smothering and many times I thought I was going to die. My heart would palpitate so fast it alarmed me and there was constant pain in the pit of my stomach. My head would ache and throb until I could hardly stand it and I often got so dizzy I couldn't stand up. My kidneys were terribly disordered and bothered me continually, and there was a pain across my back that extended up to my shoulder blades and at times was so severe I couldn't move. My nerves broke down completely under the strain, and if someone had even stepped up on the porch unexpectedly it nearly drove me frantic. This is the way I suffered all these years and I had become so discouraged that I had almost lost heart.

"As long as I live I will bless the day I began taking Tanlac, for it was then that a change for the better took place in my condition. The indigestion began to lose its grip and on the fourth day I sat down and ate a hearty meal. From then on I regained my health so fast that not only were my husband and myself surprised but the whole neighborhood was amazed at my recovery. I eat three big meals every day now and I enjoy them, my kidneys were never in better condition in my life and the pain has left my back entirely. My nerves are strong and steady and I no longer suffer with headaches and dizzy spells. I sleep as sound as a child and I am feeling better than I have in twenty-five years."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading druggist in every town.—Adv.

Social Events

Orleans Country Club Met With Mrs. J. T. Holmes.

The members of the Orleans Country Club met Tuesday afternoon with Mrs. J. T. Holmes near Orleans. There was a large attendance of members and a number of guests were also present. The theme of the afternoon was Dr. Anna Howard Shaw and the leader was Mrs. W. H. Hinrichsen, who presented a very interesting paper on the subject under discussion. Mrs. Frank E. Drury read a number of extracts from the Literary Digest.

Following the program came a social hour and at this time the hostess served delightful refreshments. Amony the guests were Mrs. Julia Holmes and two daughters of Jacksonville.

Entertained at Omena.

A number of Jacksonville young women and others who are resident here thru the school year have employment this summer at Northport Point, Mich. This is not many miles from Omena and all in the group, together with other people from Jacksonville, were entertained Monday afternoon by Mrs. E. E. Crabtree at her Omena summer home. One of the Jacksonville young women wrote friends here about the event, which was thoroly enjoyed.

The group of girls, the honor guests of the afternoon, includes Misses Hazel McCormick, Grace Marshall, Opal Marshall, Catherine Carter, Mabel Ruyle, Ruby Mann, Louise Robinson, Mary Leidy, Jacksonville; Helen Chiles, Palmyra; Mattie Reisch and Blanche Reisch, Pike county.

Farewell Party for Charles Burrows.

A farewell party was given Monday evening for Charles Burrows of 605 East Morton avenue, who left late that evening for Montreal, Canada, enroute to England. The party was planned by a number of relatives and friends of the Jacksonville man and the occasion was an exceedingly pleasant one. During the evening delicious refreshments were served.

Among the guests were Mr. and Mrs. J. B. Leach, south of the city; Mr. and Mrs. John Robinson, Mr. and Mrs. Richard Butler and family, Woodson; Mr. and Mrs. J. B. Harrison and daughter, Mr. and Mrs. J. R. Large and daughter, Mr. and Mrs. Walter Smith, Mr. and Mrs. Walter Ealey and daughter, Mr. and Mrs. Ballington, William Creesy, Woodson; Russell Devore and Thomas Ranson, Woodson.

When the guests departed it was with the best wishes for Mr. Burrows. He expects to be gone from the city until the middle of September.

W. H. M. S. of Grace Church Held Meeting.

This auxiliary held an interesting meeting with Mrs. E. D. Canatsey as hostess and Miss Gates and Miss Ida Lee as assistants.

Mrs. Chas. Hopper was the leader of the devotions. Subject, "The Making of a Nation." At the close of this service a song, "America, the Shouts of War Shall Cease," was lined and sung in the old fashioned way, where only one copy of words was available. The words written by Allen Eastman Cross in 1918 were taken from the hymn book published by H. Augustine Smith, who conducted the music during the recent Sunday school state convention.

A good program on the Indian and Alaskan work was assigned to different ladies by Mrs. C. E. Williamson. A beautiful piano solo by Mrs. Strang was an enjoyable part of the program.

The pledge of the society was increased and as it now stands is:

Albuquerque Deaconess Hospital	$ 25.00
Cunningham Home, Urbana	25.00
Jesse Lee, Alaska	10.00
Slavonic Work, E. St. Louis	10.00
Marcy Center, Chicago	5.00
Angel Island, California	5.00
McClesky Home, Boaz, Arizona	50.00
Brewster Hospital, Jacksonville, Fla.	5.00
Ritter Home, Athens, Tenn.	5.00
Co.n Contingent	15.00
Total	$155.00

Reports for last year showed dues for one hundred and eleven members were paid. Birthday offering of $6.00 was sent. Fruit valued at $14.40 given to Cunningham Home, Urbana, Ill.

A recitation was given by Byron Canatsey, "Your Flag and My Flag."

It was announced that Miss Anna Mann has consented to take charge of a junior Queen Esther Circle and the following committee was named to assist in the organization: Mrs. Sydney Jones, Mrs. Volrath, Mrs. Harry.

At this meeting slips containing numbers were passed to each lady and a request that each one have the answer to the enigma corresponding to the number given her, at the August meeting, which is to be held with Mrs. C. E. Williamson, West College avenue, as hostess, and the following ladies as assistants: Mrs. Grant Graff, Mrs. Linkins, Mrs. Wenger, Mrs. Timmons and Mrs. Porten.

As the Journal and Courier are so very kind to put in notices and reports it was voted that Mrs. Chas. Hopper act as press reporter for the monthly meeteings.

After a social hour during which the hostesses served dainty refreshments the meeting adjourned until August 17 to meet with Mrs. C. E. Williamson.

SHOWS WILL BE HERE NEXT WEEK

Tom R. Foley, general agent of the Moss Brothers Greater Shows, is in the city arranging for the appearance of the attractions here next week. The shows will be seen on the Cannon lot.

Miss May Blakeman of Murrayville made a shopping trip to Jacksonville yesterday.

DEAN COCHRAN IS MARRIED IN COLORADO

Boulder Mirror Contains Extended Account of Ceremony—Miss Gladys Cochran Present at Wedding.

Dean Cochran and Miss Florence Farrington were recently married at the home of the bride in Boulder, Colo. Mr. Cochran is well known as a student at Illinois College, and among the music lovers in Jacksonville, and Mrs. Cochran wil be remembered as an instructor in the Conservatory of Music several years ago.

The following account of the wedding is from the Daily Mirror, of Boulder, Colo.:

"One of the prettiest weddings of the year occurred last evening at the home of Dr. F. H. Farrington, when Miss Florence Farrington, daughter of Dr. and Mrs. F. H. Farrington, was united in marriage to Mr. Dean Cochran, son of Dr. and Mrs. C. C. Cochran, of Jacksonville, Ill.

"The ceremony took place in the spacious garden of the Farrington home, where the guests were gathered. At the stroke of 8:00, the bride and groom stepped out of the shrubbery and took their place before the officiating minister, Rev. Lucius Reed, who read the marriage service, using the double ring ceremony. Before and during the ceremony, soft music was played by Mrs. Arnold Guerber at the piano, and Mr. Howard Reynolds on the violin.

"After the service, a very informal reception was held, when many old and dear friends of the newly-wedded couple offered congratulations and best wishes. Refreshments were served while the guests strolled about the lawn. At 10 o'clock the bride and groom left for a short honeymoon in the mountains.

"The bride's costume was an exquisite creation of ivory Duchess satine veiled with ivory white georgette crepe, with cascades of filmy Chantilly lace falling at the side. Her only ornament was a gold and platinum bar pin, set with three square-cut sapphires, the gift of the groom. The bridal bouquet was a charming corsage of sweetheart roses, forget-me-nots, white orchids and maiden-hair ferns.

"Miss Farrington is well known in Boulder, having attended Preparatory school and University here; and for the past two years has taught French and Spanish in the University.

"Mr. Cochran is a graduate of the Illinois Conservatory of Music where he was for -two years instructor on the violin. He is also a graduate of Illinois College and graduated this spring from the forestry department of the Colorado State Agriculture College at Fort Collins.

"Out-of-town guests were: Miss Gladys Cochran, of Jacksonville, Ill.; Prof. Morrill and Mr. Howard Reynolds, of Fort Collins; Mrs. Schmoll and Miss Hazel Schmoll, of Ward; Mr. and Mrs. Harry Nelson, Miss Edna Reynolds and Miss Marie Keim, of Denver, and Mr. and Mrs. John Cullington, of Yuma, Arizona.

"After the honeymoon Mr. and Mrs. Cochran will make their home at Steamboat Springs."

COUNTY BOARD PLANS MORE STATE AID WORK

Next Concrete Road Will Be on North Main Street—Audit Contract Approved—Lease Lot to Marion Meadows.

At a recent meeting of the county board final resolution for the building of a stretch of concrete roadway in Morgan county was adopted and properly certified to the division of highways of the department of public works and buildings. This resolution provides that the proposed state aid road shall be built a distance of 2300 feet in a northerly direction from the end of the present concrete pavement on North Main street. This means that the road will extend for about a quarter of a mile north of the Mauvaisterre creek bridge on North Main street.

The preliminary resolution for this improvement was passed by the board Jan. 25, 1919, but because of unusual conditions it has not been possible to do the work. The county board appropriated $8,757.17 from the funds in the hands of the county treasurer for this job and the state has made an equal allotment for the cost of the work.

Audit Contract Made

Mention has been previously made that an audit of county records is now being made by Price Waterhouse & Co., certified public accountants of St. Louis. The contract made by the county board and recently placed on record, provides for an audit of the accounts and records of the county clerk, circuit clerk, assessor and treasurer, sheriff and ex-officio collector, state's attorney, county superintendent of schools and coroner for the period extending from the first day of December, 1917, to May 31, 1920. This is a period of two and one-half years.

The resolution approving the contract was signed by Charles N. Wyatt, chairman of the board, and George A. Wheeler, clerk. The contract further provides that the charge for the audit shall be $35 a day for the services of the senior in charge of the audit and $20 per day for each assistant plus the hotel and traveling expenses. There are three men now at work on the audit. The firm of Price Waterhouse & Co. is one of highest rank among public accountants.

Lease Plot of Land

Another recent action of the county board is in leasing a plot of ground on the west side of the court house lot to Marion Meadows for a period of ten years. The ground thus leased has a frontage of 12 feet on West State street adjoining the James building, and extends a distance of 70 feet.

The lessee is to have the privilege of erecting a one story building in accordance with the ordinances of the city of Jacksonville. The payment to the county is to be $120 a year. There is a provision that it is not transferable and that the premises must be kept in a sightly and sanitary condition.

TO CELEBRATE BIRTHDAY

Prof. J. H. Rayhill expected to go to Springfield today to celebrate his 82nd ibrthday with the family of his son, Jack. While absent he may go to Pleasant Plains and vicinity to visit his daughter and several grandchildren.

June 25, 1845, when not quite seven years old Prof. Rayhill signed in Devenport, England, a "teetotal' abstinence pledge and he is able today to say that he has honestly kept it. When all the vicissitudes through which he has passed are considered the keeping of the pledge is a token of a resolute will to do right.

CARD OF THANKS.

I am sincerely grateful to many neighbors and friends for kindnesses shown during the sickness and after the death of Mr. Job Coates. The beautiful flowers were appreciated and I am sincerely grateful for all the favors shown.

Susan H. Dickinson.

Deaths

White.

Georgia Louise White, the infant daughter of Mr. and Mrs. Harry W. White, 350 Sharp street, died last night at 11 o'clock at the family residence.

The deceased was born in Jacksonville, June 4, 1920. She leaves to survive her, besides her parents, two sister and three brothers.

The body was removed to the Williamson undertaking parlors on East State street where it was prepared to be shipped to Macon this afternoon.

Roten.

Mrs. Gertrude Roten, wife of Jack Roten, died at the family residence, 316 East Wolcott street, last evening at 10:30 o'clock. The deceased has been in ill-health for a number of months and for the past four weeks has been confined to her bed, however, her death was unexpected.

The remains were removed to the undertaking parlors of John O'Donnell to be prepared for burial. The funeral arrangements have not yet been completed.

Mrs. Roten was born in Fulton, Mo., in 1870, her maiden name being Dunham. She was united in marriage in 1898 to Jack Roten, in Quincy. Besides her husband she leaves to survive her one sister, Mrs. Mary Gebhart, of Los Angeles, and one brother, Robert Dunham, of Colorado.

CLARENCE O'CONNELL INJURED IN RUNAWAY

Son of Thomas O'Connell Residing North of Murrayville Seriously Injured When Team Runs Away—Fear of Skull Fracture.

Clarence O'Connell, son of Thomas O'Connell residing north of Murrayville was seriously injured about 2 o'clock Monday afternoon when a team he was driving ran away.

O'Connell was working in a field when the team became frightened. He jumped in front of the animals and grabbed them by the bridles in an endeavor to stop them. He could not hold them however, and was run down, the wheels of the wagon passing over his head.

Mr. O'Connell was taken to the house and Dr. G. O. Webster of Murrayville summoned. Examination showed a bad wound at the base of the skull and also bruises about the body. There was considerable cerebral hemorrhage and it is feared there is a fracture of the skull. The injured man's condition was regarded as serious yesterday.

With the Sick

Misses Eloise and Maurine Self returned from Passavant hospital to their home in Woodson Monday evening.

ONE PLANE ON WAY TO GRAND RAPIDS

Erie, Pa., July 20.—United States Army Airplane No. 21, one of the squadron flying from Mineola to Nome, Alaska, got away for Grand Rapids, Michigan, late today. The commander by skillful manouvering, escaped collision with trees surrounding the aviation field but the wind was such that Captain Street, commanding the squadron ordered the other three planes to remain here until conditions were more favorable.

SENT TO STATE HOSPITAL

Kankakee, Ill., July 20—Byron Cadell who was said to have confessed to sending a threatening letter to Len Small, Republican candidate for governor, was committed to the Kankakee state hospital today. Newcomb Palmer Cadell's alleged partner, is out on bond awaiting grand jury action.

Mrs. J. H. Rayhill was expected back back home last evening from a visit with her children and grandchildren in Springfield, Pleasant Plains and other places.

FORMER RESIDENT TALKS OF MINING

Matt Brennan Manager of Large Mine in Lincoln—Tells of Modern Methods of Work—Pay Roll Runs $300,000 Every Two Weeks.

It is doubtful if there is another city of 15,000 inhabitants which has been of a greater benefit to the rest of the country than Jacksonville thru the able and useful young men and women whom it has sent to bless other communities. This is owing to the fact that our beautiful city attracts to itself a very desirable class of citizens owing to its many peculiar advantages and privileges and on the other hand conditions do not make possible much growth for the city and as a consequence the enterprising young people have to emigrate which they have done to the great benefit of many other communities.

Some years ago a coal mine was started in Lincoln Logan county, by the Latham-Lincoln Mining Company and it went all well for a while. A young product of Jacksonville, Matthew Brennan, had won much favor by his capable, amiable and efficient management but he left the employ of the company and the mine was closed. The people didn't like the idea and sought to have work started again so finally it was agreed by the men that they would work if "Mat" Brennan could be manager and it was arranged and the first of July, 1919 work was begun and some way or other the young manager has succeeded in keeping things going right along ever since with hardly a break for any kind.

The company has royalties which will keep it going for probably 25 years. The vein is 5 feet, 2 inches and the quality of the coal is good and finds a ready sale for all grades.

Improved Mining Methods.

Mining is done now in the most approved manner. The men drill holes into the wall of coal and insert powder and fuse and get out. The shot firers come along at 2:30 o'clock and see that all is done in a safe and proper manner the law and the welfare of the company as well as the disposition of the company requires every possible device for safety.

The men go to work at eight in the morning, have half an hour for dinner and quit at 4:30 p. m. working just eight hours. When all are out the shot firers go thru the deserted chambers beginning at the remote end and working toward the opening firing the fuses and by the time the men are out of the way the charge is fired and a mass of coal falls down. About three shots will supply an ordinary man all he can shovel up the next day and get out of the way in time to drill his holes for the next day. The daily output is 1,100 tons. In former times mule power was used to pull the coal cars from the chamber to the bottom of the shaft and many of the little, long eared animals seldom saw daylight after being taken down.

At Virginia, if the writer remembers correctly, a mule absolutely refused to go farther into a chamber and soon after it caved in and it was the little creature that saved the lives of several men and they esteemed it very highly after that. Now electrical power is used for subterranean transportation.

The coal comes to the top all together and is denominated mine run and some concerns buy it in that shape for furnace use. Generally tho it is screened and the qualities are screenings, pea, nut, egg and lump the best selling at the mine at $4 for lump and the other at $3.50 per ton with 25c added for loading on cars.

Have Many Employes.

The mine employs an average of 325 men. The lowest daily wages paid are to trappers, persons who sit at the doorways into the various chambers and open and close the doors; they get $3.80 a day while the highest day price paid is to the shot firers whos occupation is most hazardous of all; they get $9.56 a day. Then there is quite a force employed in all kinds of work about the mine and these have to work seven days a week while the miners work six. The miners get $1.22 a ton, mine run for their work. A miner makes all the way from $60 to $90 a week; less than sixty dollars a week is hardly regarded respectable. The men are paid each two weeks and the payroll runs well to $300,000 each time. The miners embrace nearly all nationalities. There are at Lincoln, Austrians, Bohemians, Slavs, Lithunians, Poles and others. Many of them are unable to read and they live well tho all do not know yet fully the blessings they might enjoy if they made full use of them.

Prohibition a Blessing.

Prohibition has been an inestimable blesing to them. Since they are unable to get liquor they are opening bank accounts, losing no time in sprees and taking far better care of their families.

Mr. Brennan is away for a short time visiting his brothers, Joseph F., the hardware merchant, and John, and his nephew Terrence. He speaks modestly of what he has accomplished and makes no brags about anything. But it is easy to see what he has done. He says he believes the right kind of management could work profitably the thirty inches of coal under Jacksonville and some day it will doubtless be done and then if the dream of Edison is accomplished and practically all power generated at the mines and conveyed by wire a great revolution will have been accomplished.

Protect Your Stock From Flies and Other Insects

Don't let your horses, milch cows and other animals expend their energy in fighting flies. It will destroy their value as profit-makers. Be humane—use

Fly Shake

It is very effective and no insect will tarry long where it has been used.

Keep it on hand.

A TREAT OF MUSIC

Mrs. Ethel Hall Bryan, soprano, and Miss Ruth Hall, violinist, will give a concert at the Methodist church tonight at 8 o'clock. Mrs. Bryan is a former Jacksonville girl and has a wide reputation as a singer. Miss Hall is a sister of Mrs. Bryan and is a violinist of unusual ability. Both ladies are graduates of the Chicago Musical College. Mrs. Bryan is a member of the faculty of the Illinois College of Music. Miss Hall is a member of the faculty of the Chicago Musical College. Mrs. Bryan will be accompanied by Miss Mary Ellen Hall. The concert will be free to the public.

STATE STREET CHURCH HELD ANNUAL PICNIC

Event Held at Nichols Park—Contests Held — Fine Lunch Enjoyed.

One hundred and fifty members of the State Street church and Sunday School assembled in Nichols Park yesterday afternoon for the annual picnic. They gathered at the church at four o'clock and were taken out to the park in automobiles.

The program committee, consisting of Mrs. C. A. Barnes, Felix Farrell and J. S. Findley, had arranged an elaborate program but there were so many contestants that there was not time to finish the whole program.

The prizes were not given out but were all placed in a grain sack and each winner fished out his own prize, some getting prizes which were appropriate and some getting ones which caused a great deal of merriment for the rest of the people present.

After the program the crowd was served a bountiful lunch in cafeteria style, this important part of the picnic was under the direction of Mrs. William Floreth.

Following is the list of contests and the winners:

Ladies Free for All 50 Yard Dash—Miss Edna Marbach.

Boys Three Legged Race—Clyde Fitch and Ernest Olds.

25 Yard Dash, Children Under 8 Years—Margaret Goebel.

Men's 75 Yard Dash—Edward Dunlap.

25 Yard Dash, Girls Under 16 Years—Josephine Doenges.

Fat Ladies Race—Mrs. W. H. Marbach.

50 Yard Dash, Boys Under 14 Years—Howard Robertson.

25 Yard Dash, Girls Under 12 Years—Ruth Roberts.

25 Yard Dash, Boys Under 12 Years—Herbert Hogan.

Leap Frog Race—William Roberts and Clyde Fitch.

Ostrich Dance—Girls: Ruth Roberts; Boys; Herbert Hogan; Men: Edward Tomlinson.

Broad Jump, Boys Under 15—Robert Brown.

Broad Jump, Men — Everett Long.

TO GO CAMPING

The "Walohi Camp Fire Girls" of whom Miss Lucy Craven is guardian, left yesterday for Lake Matanzas to spend a week. There will be about twelve in the party. Miss Rachael Hall will go as Miss Craven's assistant.

The members of the party are: Misses Helen Bergstrom, Helen Schoedsack, Marguerita Schoedsack, Grace Campbell, Elsie Cannon, Mabel Biggs, Helen Rawlings, Virginia Brown, Irma Leady, Dorothy Cowgur.

Illinois State Fair, August 20-28 Springfield. Let's go.

CONGREGATIONAL PRAYER MEETING

The mid-week prayer meeting of the Congregational church will be held this evening at the home of Mrs. J. C. Fairbank on Grove street as the electric lights in the church have been removed by the workmen.

W. B. M'KINLEY WELL RECEIVED AT QUINCY

Congressman Lived in That City Years Ago and Old Friends Gathered to Hear Him.

Quincy, Ill., July 20.—As it is well known that back in former years W. B. McKinley candidate for U. S. senator was a resident and active leader in all public interests of Quincy it followed as a matter of course he was given a royal welcome to the city when he arrived here Monday morning on his six weeks touring trip thru western Illinois.

While here Mr. McKinley gave the statement for publication.

"I am for Harding, though I was an ardent Lowden supporter and hoped that the Illinois man would win—not because of any feeling against the Ohioan, because he is a personal friend of mine, and I have been a frequent visitor in his home. I am here to state that the people will not be disappointed in Harding. He is a man of firm resolves, quick of perception, humane, broad-minded and well informed No better selection could have made by the Republicans.

"But I wish to convey this message to the Republicans—they should not underestimate Mr. Cox, the Democratic nominee. I served four years in congress with him, and wish to state that he is a man who knows how to reach out to the people. Overconfidence will not do at any time, and particularly during the present campaign," added the congressman.

What He Stands For.

Asked to give his views on matters of policy, Congressman McKinley stated them briefly: "I am, of course, for a reduction of taxes; we should maintain a good navy, having built up one during the war; we don't need a big army, and I am in favor of an excess of officers, the surplus to be used in educational institutions and in training others; I believe in federal aid for education and public health.

"Other than this, I think the states should take care of matters. At the present time Illinois is paying as much federal tax as the 12 Southern states," he said.

Compares Other Countrises.

The congressman has made two trips around the world and has been a frequent visitor to South America. Being a man of big business he naturally took observation of industrial and commercial conditions in the various countries he has visited. In comparing them with this country, he says they are far behind us. Wages in China and India, which contain one-fourth of the population of the globe, are about 10 cents a day in our money. It was the same in Japan until that country took up manufacturing. The average ther now, he says, is about 30 cents. In France it is about 50 cents or possibly 60, in Germany since the war about 40 with the the war about 40, with the same same in Belgium. Conditions in England are better, but wages are only about 60 per cent as high as in the United States.

"We should maintain our present high standard as far as possible, and seek to make them even better," he said. "I should not like to see conditions prevail here which do in the foreign countries I have visited.'

EXPRESSION CLASS.

FORMER WINCHESTER RESIDENT DIES

Mrs. Priscilla Crump Passes Away at Home of Son in Peoria—Other News Items from Scott County.

Winchester, July 20.—A message received here Tuesday announced the death of Mrs. Priscilla Crump, which occurred at the home of her son, Martin, in Peoria. The deceased was the widow of the late Charles Crump and was a resident of Winchester for many years. In later years her health failed and it was then that she went to Peoria to reside with her son. The remains will arrive Wednesday afternoon and will be interred at Winchester cemetery.

Collins Burns arrived Monday from Omaha, Neb., to visit at the home of his aunt, Miss Mary Collins and other relatives.

Jesse Evans, who holds a position with Swift & Co., in St. Louis spent Sunday with his parents Mr. and Mrs. William Evans.

Mr. and Mrs. Joseph Patrick and daughter Pauline and Miss Anna McLaughlin were Jacksonville visitors Tuesday.

Miss Vivian Brengle returned Tuesday to her home in Chicago after a brief visit with her parents here.

Miss Mattie Cox left Tuesday afternoon for Atlanta, Ga., to visit relatives.

Mrs. Earl Rogers of Jacksonville arrived Monday night to visit her parents, Mr. and Mrs. Nathan Wallace.

Mrs. William Ring returned Tuesday to her home in Murrayville after a visit here with relatives and friends.

Thomas Collins of Chicago arrived Tuesday to visit his aunt, Miss Mary Collins.

The final rehearsal for Katcha Koo was held Tuesday evening in Monument park. The performances are to be given Wednesday and Thursday evenings in the park and as they are for a good cause it is hoped there will be a large attendance.

Lots of shoes less than half price at Hoppers.

Miss Merinda Coultas of Winchester was a caller in the city yesterday.

CAMPERS PRAISE NICHOLS PARK

Notice was recently posted that tourists would be welcome to camp in Nichols park. Yesterday afternoon two parties of camping-tourists came to the park and were highly pleased to find such a comfortable place to spend the night. The ride from Springfield had been dusty and the bathing beach immediately attracted their attention. Besides this they found tables on which to eat and other conveniences in the park which go a long way in making a one night camp easy to set up.

The parties were, Mr. and Mrs. C. B. Carver of Rockville, Ind., who are on their way to Yellowstone park, and Mr. and Mrs. J. G. Stark and sons, Carl, Joseph and Walter and Miss Kate Slaherty, of Indianapolis, who are on their way to California.

The tourists were enthusiastic about the park and say that it by far is the nicest place to camp which they have found, and they were appreciative of the privilege.

It has been suggested that there should be a register placed in the park where passing tourists might register.

CORNER STONE WAS LAID YESTERDAY

Impressive Ceremonies Marked Laying of Corner Stone of Congregational Church Addition—Brief History of Church.

Yesterday afternoon the corner stone of the addition to the Congregational church was laid with appropriate ceremonies. It certainly marks an important era in the history of the organization.

December 15, 1833, a little band of earnest people met in the M. E. church on East Morgan street for the purpose of organizing a Congregational church. A devoted young man, soon to be ordained, William Carter, uncle of the late Chauncey Carter, delivered the sermon and later was pastor of the church. About his last work was in Pittsfield.

The charter members were Timothy Chamberlain, father of the man of the same name who lived on West College avenue, Abraham and Millicent Clark, Elihu Wolcott, Jeremiah and Mary A. Graves, Benjamin and Cynthia Allyn, Edwin A. and Sarah Mears, Dr. M. M. L. and Elizabeth Reed, Daniel Mann, Benjamin B. Chamberlain, Asa and Maria Talcott, Salem, Joseph and Eliza Town Jesse B. Clark, Ralph Perry, Robert B. Lord, James K. Morse, Edwin Scofield, George B. Hitchcock, Elizabeth Scott, Mary Chamberlain, Abagail Chenery, Eliza Hart, Lucy Town, Frances J. Wolcott, Abagail Graves and three days later, George T. Purkitt and Calvin S. Beach.

Probably the most active ones in the organization were Elihu Wolcott, Dr. Reed and Ebenezer Carter. Within a few years Pres. Sturtevant and wife, Dr. and Mrs. Adams, Prof. Truman M. Post and others united with it and Rev. William Kirby and family were allied with it.

First Meeting Place

Meetings were conducted first in a house standing about where the furniture store is on South Sandy street and later in a house on West State street about where is now the Economy store. In Sept., 1835, a new house of worship was dedicated and stood about where is now the store of Johnson, Hackett and Guthrie. Prof. Sturtevant was asked to preach the sermon and the house was the first Congregational house of worship in the state and the best in the city. It was later used as a warehouse by W. B. Johnson and was burned some years ago.

Prof. Post, a member of the faculty of Illinois college, made his first public confession in that church and later, while still a professor, served the church for some time as pastor. He was later called to the pastorate of a prominent church in St. Louis. When the 50th anniversary of the church was celebrated Dr. Post was asked to deliver a discourse and in it he said in part:

"The year 1833, the birth year of this church, calls up the landscape under the skies of the far away morning; the morning of this land and its people, of its settlements, its institutions, its churches, its schools, its colleges, and of my own life also. It was morning with the freshness and hope, the ideals and possibilities that hover over it like the many hued cloud around the sunrise, the morning that comes but once to a land or to a human life and then drifts away into the eternal past to return no more.

The personages of that morning have most of them drifted with it into climes beyond our mortal horizon."

He proceeded to tell of coming here from St. Louis by a bridle path, his early career, the little band with whom he worshipped and many other interesting facts.

Services Simple in Character

The services yesterday were simple and in the presence of a goodly number of people. Rev. A. E. Beddoes of Beardstown and Rev. H. I. Parrott of Springfield, Congregational ministers, were present. Mr. Collins, the faithful pastor, read suitable passages of scripture and Rev. H. L. Parrott offered prayer. There were two hymns and a responsive reading. With a suitable ritual Mr. Collins placed a trowel on the stone on which is inscribed: "Erected 1920."

One hymn, 'I Love Thy Kingdom, Lord" was sung and to the writer the vision of Dr. Sturtevant appeared as it was especially dear to him.

The present lecture room is combined with the new structure. The additional foundation covers a space 40 by 60.4.

The ground floor will have a large assembly room, kitchen, dining room, boiler room and stage. The second floor will have the parlor, primary department room, beginners' room, library and pastor's study. Here will be held the mid-week meetings and similar gatherings.

The third story will have two camp fire rooms and twelve Sunday school class rooms.

The total cost of improvements, heating plant and furnishings is expected to be about $44,000. The idea is plain, sanctified, religious common sense. There is no desire for sensation or radical departure from the best ideas. The wish is, without trifling or frivolity, to make religion attractive, suitable to the young; to have all feel that in and about the church the best times are to be had and ever to keep in mind that Christ is the one great Pattern and Leader in all things to whom we owe all we have and are our allegiance, our love and service.

Jacksonville Lodge No. 570 A. F. & A. M. will hold a special meeting tonight for at 7:00 for WORK. Visiting brethren welcome.
C. C. Rigden, W. M.
E. L. Kinney, Secretary.

AUTO ASSOCIATION OFFICIAL IS HERE

Field Representative of the Illinois State Automobile Association Here in Interest of Organization—Field Secretary to be Here Today.

R. H. Rhoades, field secretary of the Illinois State Automobile association is in the city working in the interests of the organization.

The object of the association is to promote and maintain an organization of all persons resident within the state of Illinois who are interested in self propelled vehicles.

The association looks after legislation beneficial to owners of motor vehicles and also uses its influence against unjust and unreasonable legislation.

One of the main objects is to promote the construction and maintenance of good roads. In this the association has done good work and plans even greater effort in the future.

Many well known citizens of the city and county are members of the assoication and with the increase in the use of motor driven vehicles it is hoped to add many to the roster. A. Rogers field secretary of the state association is expected today to join Mr. Rhoades in the work.

CENTENARY MEN TO MEET AT PARK

The Loyal Men's Bible class of Centenary church will have a luncheon and business meeting at Nichols park Thursday evening at 6 o'clock. All men of the church are invited to take lunches with them and attend this get-together meeting. Various matters relating to the church and Sunday school will be given attention.

The class has 75 members and the regular weekly attendance is large. C. S. Smith is the teacher and E. G. Saye the president. The interest is so maintained in the Sunday school and school work that the class is a decided factor in the Centenary organiaztion.

Illinois State Fair, August 20-28 Springfield. Let's go.

WILL LIVE IN WEST

Mrs Alice Teefey and daughters, Misses Agnes and Elizabeth, left Tuesday night over the Chicago & Alton for Denver. After spending a few days there they will proceed to Boulder, Colo., to reside. They are making this change of residence for the benefit of the health of Miss Elizabeth Teefey, who was ill for a long period of flu and pneumonia.

REV. GISH SPEAKS AT CHRISTIAN CHURCH

The Rev. Mr. Gish, a returned missionary from China, will speak this evening at the regular prayer meeting of the Central Christian church on the work of uniting the missionary work of the Protestants in China. The ministers of Jacksonville and all others who are interested in the subject are invited to attend the meeting.

A HANDSOME DISPLAY

When a Journal reporter called at the store of the J. L. Graham Hardware company yesterday the gentlemen there were arranging a display of aluminum ware which showed off the beautiful and useful goods to fine advantage. There is some difference between the weight of an aluminum utensial and the Dutch oven our grandmothers used to handle.

T. . Flynn of the vicinity of Buckhorn journeyed to the city yesterday.

FORMER RESIDENT DIES IN KANSAS

Capt. James A. Rutherford Passes Away After Long Illness—Veteran of Civil War.

Captain James A. Rutherford died early Tuesday morning after a long illness.

Captain Rutherford has made his home here for the past twelve years, coming here from Kansas City. He always took a great interest in everything pertaining to the welfare of the community and he had been a prominent member of the G. A. R., having at different times been one of its officers and on one occasion attending the National encampment. He was well known and esteemed by the old soldiers of this community.

While Mr. Rutherford has faithfully served his country in many capacities none the less so has he faithfully served his God and Master, Jesus Christ. He united with the Reformed Presbyterian Church when a young man and has been a faithful, conscientious and devoted church member ever since, and like his experience in the Grand Army of the eRpublic, he has been chosen many times as an officer in the Army of the Lord God of Hosts. For over sixty years he never failed to show his colors and has fought valiantly against the works of iniquity and sin whenever he came in contact therewith. His deep-rooted and well-grounded faith in the goodness and mercy of God, the sincerity and purity of his private life, his high example and ideals constantly served as an inspiration to others and no one really knew him but to honor and love him. His ways were kindly, his manner gentle and his charity unbounded and his love never failed.

James A. Rutherford was born in Madrid, New York, April 6, 1833. He was of Scotch parentage. His father, Andrew Rutherford and his mother came to this country from North Umberland County, Chivet Hills, arriving in a sailing vessel which came up the St. Lawrence River, touching at Quebec and Montreal, Canada, having been at sea from the month of May until August of the year 1831. Mr. Rutherford's early life was spent in and about Madrid and Potsdam, New York where he attended the common school and then entered St. Lawrence Academy. After finishing the academy he taught school for one year and then came west to Greencastle, Indiana, in January, 1858 where he remained until May and then moved to Springfield, Illinois. He was teaching school in Morgan county, Ill., when he heard the call of his country and joined the army at Jacksonville, Ill., being mustered into Compay L, 115 Illinois Regiment, as a private soldier. He was promoted to captain of his company in a year's time. He fought throughout the war, being in some of the fiercest battles, including the battles of Chickamauga and Missionary Ridge.

On December 2, 1868, Captain Rutherford was united in marriage to Miss Sarah Wilson of Jacksonville, Ill. Mrs. Rutherford has been a true helpmate, and in all her work in church and other organizations, she has never failed to consider him and his personal welfare as her first duty. Two years ago they passed the half century mark in their married life.

Captain Rutherford was in business in Kansas City for a number of years before coming here. —(Bonner Springs, Kan., Herald.)

After the war Capt. Rutherford lived for some time in Jacksonville and then moved to Ft. Scott, Kan., before going to Kansas City.

At the battle eof Chickamauga Capt. Jinman was badly wounded and while he was sitting against a tree being cared for by comrades, a rebel bullet sent him to his death and Lieut. Rutherford took his place and was popular with the company.

Just received, two car loads of genuine AMERICAN fence. Hall Bros.

GOOD WHEAT YIELDS IN MORGAN COUNTY

Threshing around Jacksonville is getting under way, and the wheat is turning out better than the average in the Arnold neighborhood. George Holly recently threshed 32 acres which ran 43 bushels to the acre. This is the largest yield reported so far. John Holly of the same neighborhood had 45 acres which made 31 bushels. Yesterday Harry Rice began threshing 65 acres which will run up around 40 bushels. This threshing was done by Charles McGill's machine.

J. W. Arnold of Arnold Station began yesterday on his 200 acres and it will probably run about 35 bushels. M. A. Hullett is threshing. He has 80 acres in wheat. Roy Robinson threshed 45 acres which run at 28 to 34 bushels.

West of Jacksonville Marshall Stout threshed out 20 acres which made 20 bushels to the acre and tested at 63 pounds to the bushel.

Walter Houston, west of the city, has also threshed. He had 40 acres which made 31 bushels.

See Waddell & Co.'s interesting July Sale announcement on page 4.

AMERICAN LEGION MEETING

At the regular meeting of the American Legion last evening in the Elks' hall the indoor carnival was the subject of discussion. Plans are being made and the final arrangements are now near completion. The date set for the carnival is August 12, 13 and 14, in Zahn's new garage on East Court street.

EXPLAIN METHODS TO FIGHT CHINCH BUGS

State Entomologist Issues Statement of Interest to Farmers.

Champaign, Ill., July 19.—"The most efficient methods of combating the chinch-bug that we have found in this state are by winter burning, the use of barriers at harvest time, spraying bugs along the outer rows of infested corn when they are congregated on such rows, and the growing of crops on which the chinch-bug will not feed.'

This statement was given out today by State Entomologist W. P. Flint at the University of Illinois in response to the many inquiries that have been received as to whether or not "spreading the diseased chinch-bugs" in infested fields would be beneficial.

"A very large series of experiments carried on in this state and Kansas have shown that there is practicallly nothing to be gained by spreading the diseased chinch bugs in infested fields.

"The white muscardine fungus of the chinch bug attacks many other insects and is always present in fields all over the state as has been determined by many examinations and field collections of insects. If the weather is damp with warm muggy days the spores of the fungus will germinate and attack the chinch bugs in the infested fields. On the other hand, if the weather is dry, putting out these bugs will not make any material difference in the number of chinch bugs dying in the fields. In fact, there is almost no spread of the fungus under dry weather conditions. For this reason we are not putting out any of the diseased bugs, as it has been thoroly proven that it is practically useless."

If more specific information is desired along these lines. Write the Natural Hstory Survep, University of Illinois, Urbana, Illinois and bulletins will be sent.

REMOVAL NOTICE

The Gillham Undertaking Parlors which have been located for so many years at 226 West State street have been removed to their new quarters in the new Funeral Home at 326 West State street.

The building is not fully completed, but the work is so far advanced that it will not interfere with the business. When the Funeral Home is completed it will be one of the finest establishments of its kind in Central Illinois.

The phones will be the same as they are now, number 168.

IOWANS VISITING ASHLAND RELATIVES

Miss Maude Criswell will leave next Saturday for a six week's course of training at Normal, Ill.

Mrs. Kate Wright and daughter, Kantille, left Saturday for their new home in Jacksonville.

ANOTHER DEEP CUT IN THE SPRING SUITS AT HERMAN'S.

Roy Massey of Tallula was attending to business in the city Tuesday.

BIDS WILL BE RECEIVED

Notice is hereby given that sealed bids for laying a drain tile fifteen inches in diameter, beginning on the north side of Locust street in Concord, Morgan county, State of Illinois, near the center of depression opposite lots fourteen (14) and sixteen (16) in the orignial plat of Concord, in said county, thence wending with said depression south along said lots fourteen (14) and sixteen (16) also thirteen (13) and fifteen (15) across Main street, across blocks six (6) and seven (7) westwardly along and across Pleasant street and lots six (6), four (4), three (3) and two (2) and thence southwestwardly to the west side of State street in said village of Concord.

Also connecting with said tile a tile eight inches in diamter from a point on the north side of Morgan street where the first named tile crosses the north line of said Morgan street east on Morgan street to East street, thence north on East street to alley between lots nine (9) and twenty-two (22) in Robert Diggens sub-division, thence east along said alley to the east line of said sub-division, will be received by the president and trustees of the Village of Concord. Said bids must be directed to and deposited with Austin W. Smith, Village Clerk on or before Monday, the second day of August, A. D. 1920 at 12 o'clock noon. Each bid must be accompanied by a certified check for twenty-five per cent of the amount of bid, payable to the order of the president and trustees of the village of Concord, Morgan county, State of Illinois, as a guarantee that the bidder if awarded the contract will enter into a contract to furnish the material and do the work in good workmanlike manner and fill the ditch, putting all the dirt back. A blue print showing the depth of excavation can be consulted at the office of said village clerk.

The village board reserves the right to reject any and all bids.

A. W. Smith.
Village Clerk of Concord, Ill.

STATE MAY ACT TO SECURE FUEL

High Bids May Force Drastic Methods to Furnish Institutions

The Springfield Journal says that even the great state of Illinois is unable to get coal prices which are considered within reason, and it maybe that drastic action will be necessary to secure fuel to supply state institutions at figures within the limit of the state's purse. Coal dealers have refused to submit bids, and when proposals were asked for furnishing fuel for the Southern Illinois Normal, the lowest bid was $4.60 a ton.

Bids for coal for the state insituations were asked by the state several weeks ago. Three proposals were submitted, but the price was out of all proportion, and the bids were rejected. The state department of public works and buildings advertised for new bids, which were to have been opened yesterday.

The attaches of the department did not have to work overtime to compile the figures, as no bids were submitted. It is probable that drastic action may come from the staee soon, and in the meantime the department will be compelled to go into the open market to secure a sufficient amount of coal to keep the boilers at the varfous state instiutions hot.

Officers of the Southern Illinois Normal at Carbondale report they have enough coal to last until tomorrow night. No coal, no steam, so they appealed to the state department of public works. Coal operaors in the southern part of the state were asked to quote prices for coal delivered to the institution.

"Four sixy a ton," was the reply.

"Well, that's going some," said a department head. "During the war we bought coal at about $1.75 a ton at the mine, and the come from the state soon, and in $4.60. It looks like trouble with the operators or the open market for the State of Illinois.

SURVEY OF SOUTHWEST'S HARVEST SITUATION

Shows Wheat Crops Better Than Were Forecast Six Weeks Ago —New Mexico Shows Great Agricultural Activity.

Kansas City, July 16 —A survey of the harvest situation in the Southwest at this time shows wheat crops better than were forecast six weeks ago, excellent corn prospects, a surplus of harvest labor, and bright promise of improved traffic conditions, with plenty of cars to move crops. That, in brief, is the situation as revealed by reports of the state boards of agriculture of Kansas and Missouri, reports assembled by the Atchison, Topeka & Santa Fe Railroad, and reports made to federal and state free employment bureaus.

Kansas, with an estimated wheat acreage of about 7 1-2 million acres, has had a decidedly better wheat yield than was anticipated in May. June rains are largely responsible for this improvement, as well as for the present excellent condtion of corn in Kansas, Missouri and Arkansas. The rain also greatly improved the condition of the Kaw Valley potato crop in Kansas.

Reports just received from Arkansas indicate a good corn crop in that state, although Arkanass corn is somewhat behind the crop in other states, owing to excessive early rains. Arkanasas, according to these reports, is exporting large quantities of garden produce, and early apples are beginning to come into market. The apple crop is estimated at 50 to 60 per cent of normal. Peaches suffered severely in Southern Missouri, Oklahoma and Arkansas because of late spring frosts. In northern and central Missouri peach prospects are better.

Reports gathered by the Santa Fe Railroad's agricultural agents indicate an increase in the Kansas acreage devoted to alfalfa and sorghum feeds, and a consequent increase acreage in corn, sorghum, peanuts and potatoes, with wheat and cotton acerage about normal.

New Mexico has shown great agricultural activity, with heavy increases in wheat, alfalfa and bean acreage, and indications of much heavier livestock production. Arizona has increased its farm acreage 15 per cent this year.

Missouri's corn crop this year shows an increase acreage of 11 per cent over last year, according to the state board of agriculture, which estimates the acreage planted o corn in the state at 6,389,000 acres. The condition of the corn crop at present is excellent. The board forecast 29,162,000 bushels of wheat as Missouri's 1920 production.

According to telegraphic reports from the east the movements of freight cars for crop transportation is already well under way, and indications are that traffc conditions wil be so improved as to make possible a much more rapid movemen of commodties to marketing and to export centers.

CHICAGO UNIVERSITY STUDENTS TO CHURCH

Chicago, Ill., July 16.—According to a questionnaire taken at the University of Chcago, whch has had some atention focused on it in the past from a religious standpoint, nne of of ten students there go to church. The The questonnaire, aken this spring covered 2,065 students.

One out of every three women and two out of every five men reported they did some work to help themselves through school. One student stated he was making his way in part by "teaching Chinese to English."

ELM GROVE

Mr. and Mrs. Ragan and daughters visited with Mr. and Mrs. E. L. Hammell and family Sunday evening.

Misses Belle and Marie Lewis are visiting their aunt, Mrs. Woodall and family near Winchester.

Will Hundley and Miss Nellie Hundley spent Sunday with their parents Mr. and Mrs. Vern Hundley.

Mr. and Mrs. J. T. Ranson and Misses Fay Ranson, Kathryn Lewis and Bernice Hamel visited with Mr. and Mrs. John Welsh and family Sunday afternoon.

Miss Kathyrn Lewis spent Saturday night at home.

FUNERAL NOTICE.

The funeral of Bernard Gause will be held from the residence, 503 North Church street at 4 o'clock this afternoon in charge of the Rev. W. H. Marbach. Burial will be in Diamond Grove cemetery.

Mr. and Mrs. C. P. Fleming of Middleton, Ind., were Tuesday viistors in the city.

EXECUTOR'S NOTICE.

Estate of Fred J. Degen, deceased.

The undesigned has been appointed executor of the last will and testament of Fred J. Degen late of the County of Morgan and State of Illinois, deceased, hereby gives notice that she will appear before the County Court of Morgan County, at the Court House, in Jacksonville, at the September term, on the first Monday in September next, at which time all persons having claims against said estate are notified and requested to attend for the puprpose of having the same adjusted.

All parties indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 13th day of July, A. D., 1920.

Mary Degen, Executor.
Wm. E. Thomson,
Attorney for Estate.

THE SERVANT PROBLEM

Electrical labor assistance does much to solve the labor problem. Your electric vacuum cleaner or washer, or iron will not threaten to go on strike unless they get Tuesdays and Thursdays off. And even if you employ servants their work will be done better with electrical aid.

Paddling Its Own Canoe

THE publisher of a metropolitan newspaper asked recently, "Is it true that there is a common ownership and a common Board of Directors for all the Companies having Standard Oil as part of their name?"

Our answer to this gentleman was, "It is not true." The Standard Oil Company (Indiana) is distinct from other corporations having a similar name.

It is owned by 4799 stockholders, of whom 2124 are women. No single stockholder owns as much as 10 percent of the total stock.

The affairs of this Company are administered by a Board of Directors consisting of 7 men, who devote their entire time to the Company's business and are connected in no way with any other Standard Oil Company.

Each man has won his position through demonstrated ability and is a specialist in handling the particular work for which he is responsible.

The personnel of the present Board of Directors of the Standard Oil Company (Indiana) is

Mr. Robert W. Stewart
Chairman of the Board
Mr. Wm. M. Burton
President
Mr. Henry S. Morton
Vice-President
Mr. Edward G. Seubert
Secretary-Treasurer
Mr. Seth C. Drake
General Manager—Sales
Mr. Wm. E. Warwick
General Manager—Manufacturing
Mr. Beaumont Parks
Assistant General Manager—Manufacturing

These men fix the policy and practices of the Standard Oil Company (Indiana). They are responsible only to the 4799 stockholders.

"BABE" RUTH GETS ANOTHER HOME RUN

New York and Chicago Divided Double-Header — Sox Taking the First Game and Yanks the Second.

New York, July 20.—New York and Chicago divided today's double header the visitors winning the first game 7 to 5 by a ninth inning rally and New York taking the second 6 to 3 as a result of Mogridge's steady pitching and timely hitting by his teammates. Ruth hit his 32nd home run of the season in the first game.

Washington	000 000 100-1	5	2

Batteries, Ehmke and Staange; Shaw, Snyder and Picinich.

"POP" GEERS CAPTURES TWO EVENTS HANDILY

KALAMAZOO, Mich., July 20. For the third consecutive time in as many weeks, Charlie Valentine, piloted Red Lancelot to victory over the stake pacers. He was winner this afternoon in the 2:09 Park American event taking the first and third heats, but losing the second. It was the first heat in which the Valentine mount has failed to finish in front.

"Pop" Geers had a good day winning two events handily. He upset the talent by taking the 2:16 trot in straight heats with Herbelyn, thereby decisively defeating Norman Dillon, the favorite. He also won the 2:08 trot with Peter June. The 2:07 pace was won by Princess Mary, driven by Fleming. She finished sixth in the first heat and then came along and took the next two. The crowd was a big one for the opening day and the track fast.

REVIEWS SITUATION ON ILLINOIS FARMS

Secretary of Illinois Agricultural Association Summarizes Crop Conditions in Illinois — Farm Bureau Dominant Force.

Chicago, Ill., July 15.—Reviewing the agricultural situation in Illinois, D. O. Thompson, secretary of the Illinois Agricultural association, today summarized crop conditions and spoke of business organization of the farmers.

"Illinois farming," Mr. Thompson said, "is going forward with the season. Backwardness of the spring; too wet followed by too dry; short labor supply, indifferent too, at undreamed wages; extreme efforts of the part of the farmer's wife, left alone because the wages of the industries have drawn their boy and girl away from home; supplementing that effort with additional machinery bought at advanced prices; seeking opportunity to ship grain or market live stock at not too great a sacrifice in order that credit at the bank may not be impaired; expectantly seeking improved methods of cooperative marketing of the production of his toil and his soil, that he may be better paid and the toilers of the city be better fed—these are the things which characterize the season of 1920 in Illinois agriculture.

"Ninety thousand farmers of Illinois, members of eighty-four County Farm Bureaus, as members of the Illinois Agricultural association. Each Farm Bureau maintains an office, usually at the county seat, and each employs several high class practical farming experts with technical agricultural training.

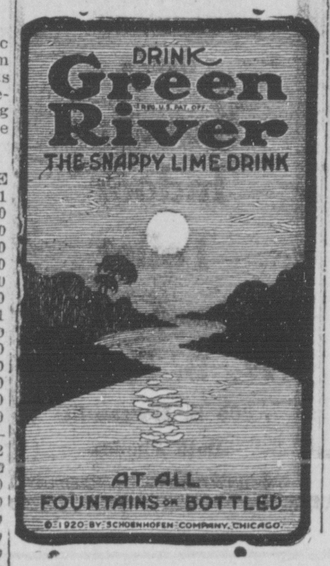
"The efforts of these men, directed by a board of directors are devoted to promotion of improved, economical methods of crop and live stock prduction; cooperative marketing thru local elevators; live stock shippers' associations; pure bred breeders associations, etc., of the products of the farms, and cooperative purchasing of car lot supplies. Annual funds for this work, raised by membership dues, range in amount from $5,000 to $35,000 per county.

"In each county, the Farm Bureau office is the recognized, dominant force to which the farmers of each county look for leadership in developing Illinois farming conditions. Ninety thousand farmers uniting in County Farm Bureaus and the Illinois Agricultural assiciations, assembling a fund of a million and a half dollars of their own money, to promote economical production and profitable marketing, meant what they say when they adopted the slogan: Organized for Business.' This is the great new note in Illinois farming that makes it different from seasons past."

CALIFORNIAN VISITING RELATIVES

Miss Ivy Mason of Berkeley, Calif., is enjoying a vacation from her duties as teacher in the kindergarten department of the public schools of Berkeley. She is a guest at the home of her aunt, Mrs. Lizzie Higgins, 216 South Church street.

Mr. and Mrs. H. G. Stevens of Paris, Mo., are visiting in the city for a few days.



We extend to you a cordial invitation to visit our new offices, display and work rooms. We are justly proud of our new quarters for it is one of the largest and most up-to-date establishments in central Illinois.

We are better prepared than ever to supply your needs and we know we can please you in design, quality and workmanship.

Come in and let us talk it over with you.

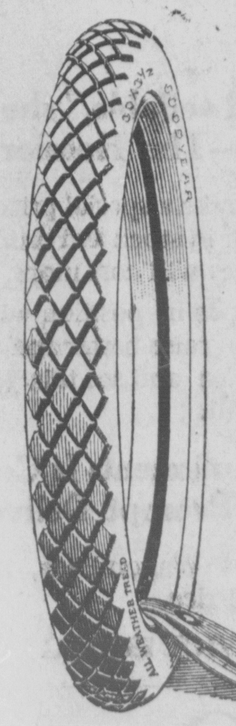
Equip Your Small Car With Goodyear Tires



Goodyear Tires in the 30x3-, 30x3½- and 31x4-inch sizes are manufactured with characteristic Goodyear care to build high relative value into every carcass and tread.

Last year more cars taking these sizes were factory-equipped with Goodyear Tires than with any other kind.

In order to make these tires widely available to users of such cars, we are operating the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car requiring one of these sizes, go now to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size *in waterproof bag* $4.50

GOES TO IOWA HOSPITAL.

Miss Margaret Waller, registered nurse and a graduate of Passavant hospital training school will leave in a short time for Charles City, Iowa. Miss Waller has accepted a position in the Cedar Valley hospital at Charles City. The young woman has many friends in Jacksonville who will be glad to learn that she has a most desirable position and they will wish her success in her work.

PUBLIC SALE OF VALUABLE FARM LANDS

The undersigned, The Farmers State Bank and Trust company, as trustee for John E. Rolfs, et al. will sell on

Saturday, Aug. 7, 1920,

at 2 p. m., at the south door of Chapin State Bank, Chapin, Illinois, to the highest and best bidder for cash. Morgan county farm lands described as follows:

The west half of the northeast quarter, and the northwest quarter of the southeast quarter of section thirty (30) in township sixteen (16) north, range twelve (12) west of the third principal meridian in Morgan county, Illinois, containing one hundred and twenty (120) acres, more or less.

Said lands were owned by John Rolfs, deceased, at the time of his death, and are located about 5 miles southeast of Meredosia, Ill.

Purchaser to pay taxes for 1920 payable in 1921.

Possession of the lands will be given March first, 1921, the rents for 1920 being reserved from the sale. Purchaser may plow and seed stubble land as soon as crops are removed therefrom, subject to the rights of the lessee of said lands.

The Farmers State Bank and Trust Company as trustee will sell and convey the title it holds as trustee as shown by the abstract of title, which may be seen now at its office.

THE FARMERS STATE BANK AND TRUST COMPANY
As Trustee for John E. Rolfs, et al.

TYPOGRAPHICAL UNION LABEL JACKSONVILLE, ILL.

PARIS FASHIONS IN FALSE TEETH

Paris, Apr. 2.—We may safely predict for the coming season that styles in artificial teeth will include snug-fitting and smoothly cushioned in place by means of the dental plate comfort-powder Corega, procurable at drug stores and dental dealers.

This antiseptic adhesive powder gives a pleasing sense of security to wearers of false teeth. It allows complete mastication of foods with ease, relaxes facial muscles and prevents sore gums. —(Adv.)

SPECIAL TAX NOTICE

Notice is hereby given to all persons interested:

That the city council of the City of Jacksonville, Illinois, having ordered that a local improvement consisting of a sewer be constructed on Edgmon street, in said city, from the center line of South West street to a point 650 feet west along the center line of said Edgmon street which shall be constructed of 10 inch vitrified sewer pipe, including brick manholes with cast iron tops as further shown and more particularly described in the plans, profiles and specifications for said work on file in the office of the city clerk of said city, the ordinance for the same being on file in the office of the city clerk of said city, and said city having applied to the county court of Morgan county, Illinois for the confirmation of the assessment of the cost of said improvement according to the benefits and an assessment therefor having been made and returned to said court; the final hearing thereon will be on the 9th day of August, A. D. 1920, at 9:00 o'clock a. m., or as soon thereafter as the business of the court will permit and all persons desiring so to do may file objections in said court before said date, and may appear on said hearing and make defense.

It is further provided by said ordinance, that said assessment shall be collected in ten (10) installments with interest at the rate of five per cent per annum as provided by law.

Dated at Jacksonville, Illinois, this 20th day of July, A. D 1920.

JAMES E. BENTLEY,
Commissioner Appointed to make said assessment.

POLITICAL ANNOUNCEMENTS

For Congress

We are authorized to announce Guy L. Shaw of Beardstown as Republican candidate for member of Congress in the Lower House for the 20th. Congressional District of Illinois.

Henry T. Rainey hereby announces his candidacy for Congress, from the 20th District, subject to the decision of the Democratic voters at the primary election.

For State's Attorney

I hereby announce myself a candidate for the Republican nomination for State's Attorney, subject to the decision of the voters in the primary election in September. HUGH GREEN.

I hereby announce myself a candidate for State's Attorney of Morgan county, subject to the decision of the Republican primary, September 15, 1920.
CARL E. ROBINSON.

For County Commissioner.

Upon the request of friends I have decided to announce my candidacy for the nomination as a member of the County Commissioners of Morgan county, subject to the decision of the Republican voters of the county at the Primary in September.
F. L. SHARPE.

For Coroner.

I hereby announce myself as a candidate for the nomination for Coroner on the Republican ticket subject to the decision of the voters at the Primary election to be held Wednesday, Sept. 15.
CHARLES A. ROSE.

G. G. Huffaker, Jr., of New Berlin was called to the city yesterday on business.

SKIN HEALTH ESSENTIAL TO BODILY HEALTH

It is just as necessary to keep the outside of the body protected against germs and infection sa it is the inside.

Many diseases are transmitted through the pores of the skin. Many serious infections come from lack of proper skin care.

The best of skin protection is cleanliness. And cleanliness—actual, honest cleanliness—demands use of clean, pure soap. You can't keep the skin clean and in a healthful condition when you clog the pores with impure soap.

Remmo Sterilized Toilet Soap is the purest and best Toilet Soap that can be manufactured. It is made exclusively of the purest and most excellent ingredients of greatest cleansing quality. Then these ingredients are sterilized at 198 degrees Fahrenheit. There can be no impurities in Remmo Sterilized Toilet Soap. It cleanses the skin hygienically. Its soft, creamy lather removes all dirt, all accumulations from the pores of the skin. It leaves the skin—the surface of it down to the very depths of the pores—thoroughly clean, refreshed and invigorated. A state of cleanliness that establishes a degree of resistance against ailments that might arise through improperly cared for skin —and with it that desirable pink-and-white quality of complexion that can be acquired only through proper skin care.

Remmo Sterilized Toilet Soap is not a medicated soap—not a soap for emergency use—but an everyday toilet soap of greatest soap purity.—Adv.

Daily Market Report

MODERATE SELLING OF RAILS AT THE OPENING

NEW YORK, July 20.—Prices of popular shares tended irregularly downward at the outset of today's contracted stock market session becoming firm to strong at midday, but losing some of this advantage on realizing sales in the final dealings.

Publication of the railway labor board's wage terms and the decision of the Pennsylvania railroad to reduce its working force by some 12,000 men occasioned moderate selling of rails at the opening but reactions held within fractional bounds.

Later, when call loans were freely offered at the fixed rate of 8 per cent pools in steels, equipments and motors experienced littl difficulty in elevating their favorites by 1 to 3 points.

There was less pressure upon the foreign exchange market but rates on London continued to favor this centre, French, Dutch and Spanish bills also reacting. Trading in bonds was light, but broad, embracing many issues tho mainly at their changes.

Total sales (par value) were $8,650,000.

KANSAS CITY GRAIN MARKET

Kansas City, July 20. — Cash wheat generally unchanged, 2c lower to 1c higher; No. 1 hard, 2.76@2.89; No. 2, 2.75@2.87; No. 1 red, 2.75; No. 2, 2.73@2.75.

Corn—5c lower to 4c higher; No. 2 mixed, $1.50@1.51; No. 2 white, 1.60; No. 2 yellow, 1.55@1.56.

Oats—Unchanged to 2c lower; No. 2 white, 92¾c; No. 2 mixed, 77c.

CLOSING WHEAT PRICES WERE UNSETTLED

Chicago, July 20.—Shutting of expert demand had a depressing effect on the wheat market today. Closing prices were unsettled 2½ to 3½c net lower with December $2.57 and March $2.61½. Corn finished 1¼c to ¼c down and oats off ⅝c to 1¼c.

In the provisions the outcome varied from 25c decline to an advance of 2½c.

Bearish sentiment regarding wheat became emphatic after reports were circulated that the British government had withdrawn from the market and would remain out for ten days or more. A sharp decline in exchange rates on London tended further to weaken values and to curtail buying. As a consequence sultry weather likely to increase black rust damage was not a market factor except at the opening. Later, however, owing to fresh reports of crop injury by black rust and by Canadian drought and heat some limited upturns in price were brought about.

Predictions that there would be no rail strike counted against the bulls in corn. Leading commission houses were conspicuous in the selling which appeared to be largely due to setbacks in the value of wheat.

Rapid progress of the harvest did a good deal to ease the oats market.

Provisions were dull and lower with grain, notwithstanding higher quotations on hogs.

Kopperl Insurance Agency

The Agency of Service East State and Square

Good health is absolutely necessary to success in life. With it the possibilities and opportunities are limitless.

The reason why more men and women do not make greater success and progress is because they waste so much of their nerve energy. This waste drains the system of the smashing, success-driving power and leaves it weak, listless, tired, out-of-sorts, ambitionless and subject to many ills. The condition is caused more often by energy dissipated by faulty nerve action than by work.

Success Through Conserving Nerve Force

Every man and woman can conserve their full mental and physical powers through Chiropractic. By scientific adjustment of the spinal column, the Chiropractor removes the cause of faulty nerve action and brings about a normal distribution of energy. Nature then revitalizes and regenerates the weakened and diseased system and restores the vital energy that almost inveriably results in greater material benefit.

CHIROPRACTIC THE BETTER WAY TO HEALTH

is drugless. As a means of helping Nature to restore Health and vigor it is without equal, and the results it has accomplished have been little short of miraculous. If you are sick, Chiropractic (KI-RO-PRAK-TIC) will help you to health. If you are well it will help you feel better. Just investigate.

MANY NEW YORK HOSTELRIES CLOSING

Bidding Power of Office Seekers and Not Prohibition Cause, According to Opinions of Real Estate Men.

New York.—The bidding power of office seekers and not prohibition has caused many hotels in the general vicinity of 42nd street to close recently, according to opinions of real estate men expressed today.

Within a relatively short time of one another such old and famous hostelries as the Holland House, Sherry's and the Fifth avenue hotel have closed their doors and more recently the Knickerbocker—a relatively new and imposing structure — abandoned business.

"Prohibition has done this," cried many "wets", but now one well known hotel woman advanced the theory that the steady march of business toward the newer uptown sections was a paramount consideration of the men who decided to close their hostelries.

"A hotel doesn't have to run behind to close," she declared, "if the owner of the property considers it better business policy to erect an office building on the ground, he isn't likely to let sentiment sway him. Prohibition? No! Let's say business!'

Real estate men admitted, however, there was no general formula to account for the disappearance of the old hotels, some of them the possessors of international reputations.

Some people who are closely in touch with the hotel business ascribe the closing of some of the older houses to the fact that the principles of hotel construction have undergone radical changes in the last decade. Hotels, they say, are being built with several times as many rooms as formerly, effecting a concentration about one controlling headquarters and reducing the "overhead expense" incident to upkeep of individual rooms and apartments.

Something more than a sentimental loss is entailed in the passing of the old hotels, another hotel manager points out.

"With the closing of the Holland House, Sherry's, the Knickerbocker and the Manhattan," he said, "there has been a decrease of about 2,200 rooms available in the center of the city. Recent structures have supplied about 4,200 rooms, leaving a net gain of about 2,000 rooms in five years. This gain is not adequate to accommodate the increased demand. I doubt if even the new hotels now planned will be sufficient to supply the demands of the greater number of applicants."

That this fact is apreciated by hotel interests is proved by the extensive preparations being made to fill the need. Plans are under way for the construction of several new hotels in the up-town district.

One large hotel is to add 2,000 rooms and another will be reconstructed so as to contain at least 3,000 rooms. In addition, besides construction of smaller houses, it is said that a California syndicate is casting about for sites for several mammoth hotels in the city.

LABOR SITUATION SOUTHWEST IS GOOD

Surplus of Farm Labor Evident in Opening Days of July—1920 1920 Wheat Crop Beginning to Reach Hutchinson, Kansas.

Kansas City., Mo.—The harvest labor situation in Kansas and the Southwest is generally good, according to officials of tht federal free employment bureau in Kansas City, Kansas, and the Missour Bureau of Farm Labor, conducted by state authorities with federal aid in Kansas City, Mo.

At the opening of this month a surplus of farm labor was evident. There were a number of instances of men who came back from the harvest fields declaring that they had been unable to find employment. At the end of the first week in July scattered requests were received for more harvest laborers to be sent to counties in northwestern Kansas, a need which is being filled, according to the federal employment agents.

Generally speaking the Southwest has been supplied with all the harvest labor necessary as soon as the wheat crop was ready for cutting this season. Indeed, a number of men who came west to work in the harvest fields were kept waiting for some because of rains, has delayed the wheat harvest.

A wage standard of 70 cents an hour, agreed upon by farmers in the wheat belt of Kansas and announced thru the state labor commissioner, Samuel Crawford, attracted many workers. There have been repeated reports, which are credited by the federal farm bureau workers, of wage-cutting on the part of the farmers who found for the first time in years that the farm labor supply was more than adequate and who desired therefore to save money by paying smaller wages than those which had been advertised.

In regard to the car situation, operating officials of the leading roads thru the wheat sections agree that there is at present an adequate supply of available cars. Plenty of cars have been ordered west, it is stated, but as yet they have not arrived in sufficient numbers. However, an official of the local terminal company in close touch with the interstate commerce commission declared that altho the car supply is still somewhat short, it is better than in other sections of the country and better than it has been here in past years. Railroad officials were not inclined to agree with this rather optimistic estimate.

The 1920 wheat crop is beginning to reach Hutchinson, Kan. It is said to average better than for many years, testing from 60 to 62 pounds to the bushel and bringing $2.40 to $2.50 per bushel Yields run from 12 to 20 bushels to the acre, farmers declare.

"Grasshopper planted" wheat is reported to have turned out well in many places. In their attacks on wheat fields last fall, grasshoppers cut the heads off the wheat, cauing them to drop to the ground, which resulted in tracts of volunteer wheat. Near Lyons, a grower reported a 20 bushel to the acre yield from a "grasshopper-planted" tract. Extension of credits to farmers unable to market last years' wheat because of car shortage has been promised by federal reerve boards according to members of the Kansas committee who have returned from Washington after conference with the interstate commerce commission.

Ideal growing weather prevailed in most of the farming country of Kansas and Missouri during the first week of July, according to federal weather reports issued weekly by S. D. Flora, federal meteroligist for Kansas. The weather was favorable for harvest work and corn made a vigorous growth. In the southeastern counties corn is now four to six feet tall, and in the northwestern section of Kansa oe to two feet. Potatoes and garden produce are also reported as making good progress. Alfalfa shows slow growth.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

Seneca *is the dentrifice that contains the properties recommended as ideal by United States Army Dental Surgeons*
